

Exemptions:

A variety of programs exist that can modify how much tuition a student will owe. Collectively these are known as Exemptions, and typically are used to lower Out of State tuition costs to in state tuition levels. If you are receiving an exemption it will show up in the Account information section of Self Service Carolina on the Account summary by period or account detail by term under the Payment Column. Please note this is an adjustment to tuition and fees, not a payment, scholarship, or other application of funds.

If you are expecting an Exemption but do not see it on these screens please contact the department or office that is responsible for issuing that exemption.
