

Congratulations on your decision to attend the University of South Carolina! At a university of this size, the number of great opportunities for campus involvement can be overwhelming. Our fraternity and sorority community allows members the chance to become involved on- and off-campus through philanthropic endeavors, athletics, academics, and leadership development all while building and maintaining lasting relationships. Regardless of how far you will travel to Columbia, your chosen organization will be your home away from home just as your newfound brothers or sisters will become family. For these reasons, joining our Greek community has the potential to be one of the best decisions you will make in college.

Greek men and women have been part of the longstanding tradition at the University of South Carolina since the first fraternity was established here in 1852. Should you choose to become a member of one of our organizations, you will be able to follow in the footsteps of the countless accomplished Greeks who came before you. Our community was founded on the values of scholarship, leadership, friendship, and service, and our members strive to live out these values each and every day.

Your time spent at the University of South Carolina will be the best years of your life, and we hope that this guide will provide you with a small glimpse into all the ways that Greek life can enhance your experience. We wish you the very best of luck on your college journey and look forward to meeting you in the fall!

### SCHOLARSHIP

Fraternity and sorority members at Carolina have consistently achieved higher grade point averages and graduate at a significantly higher rate than non-Greek students. Individual chapters and the councils have scholarship chairs and academic programming to help their members succeed in the classroom.

The all-Greek GPA was 3.34 while the undergraduate average was 3.16.

of our members have a 3.75 GPA or higher. 15% of our members have a 4.0 GPA.

### **31%** GREEK

students persist through their college career at a 10% higher rate than non-Greeks.

Every chapter has the opportunity to meet with an academic coach through the Student Success Center to assist members with study skills and accomplish their academic goals.

### LEADERSHIP

Involvement in a Greek-letter organization provides a valuable opportunity to develop your leadership skills within your chapter and on campus. Almost two-thirds of Greeks are involved in an organization at Carolina outside of their chapter!

### DID YOU KNOW?

In 2016, Carolina Greek organizations donated more than \$1,016,925 and over 146,000 hours to service and philanthropic organizations.

The Circle of Sisterhood Foundation, an organization that aims to remove educational boundaries of women around the world, is College Panhellenic's adopted philanthropy. In summer 2015, members from various sorority chapters traveled to Nicaragua to build a school on behalf of Circle of Sisterhood and College Panhellenic. In 2017, they committed to build another school.

Trick-or-Treat with the Greeks provides a safe trick-or-treating environment for hundreds of children of community members and university staff. Children played games provided by the chapters and collected candy. Costumes were also donated to Children's Miracle Network Hospitals.

### **FRIENDSHIP**

Most students seek Greek affiliation as a way to meet people and develop lifelong friendships. Through brotherhood and sisterhood retreats, social events, and a variety of other chapter activities, students are able to build a close network of brothers and sisters to share in their college experience.

All organizations host regular, substance-free brotherhood and sisterhood events each semester. Some examples include movie nights, laser tag, athletic events, and more!

Fraternities and Sororities look forward to their signature social events each year, which include band parties, formals, semi-formals, beach and mountain weekends, and themed date parties.

Greek Week 2017 featured a variety of activities to build Greek friendship including A Night at the Strom, the annual Greek Sing competition, service events at local community agencies, and a social media campaign promoting the benefits of Greek affiliation.

### Wednesday, August 16 Columbia Metropolitan Convention Center

Want to learn more about the recruitment process?

This is your chance to hear from Sorority Council officers and recruitment counselors, also known as Pi Chis, about what to expect. Attendance is **mandatory** in order to participate in recruitment. You will be assigned to two recruitment counselors who will help guide you through the recruitment process. After you have registered for recruitment, you will receive more details. A mandatory dinner with your small group will be provided following orientation. Dress is very casual.

#### **GO GREEK ROUND**

#### Thursday, August 17 & Friday, August 18

Over the two days of round one, you will visit all 13 sororities with your Pi Chi group. You will spend about 20 minutes with each chapter learning about their scholarship initiatives and academic success. These first two days are very casual, so please wear your recruitment T-shirt, shorts or a skirt, and comfortable shoes.

#### **SORORITY 101 PROGRAMMING**

#### Thursday, August 17 & Friday, August 18

Sorority 101 is an interactive educational program designed to outline the membership commitment within the Greek community here at the University of South Carolina. Our goal is to explain the importance of the lifelong commitment you make when joining a Greek letter organization, as well as provide a transparent picture of the expectations of sorority membership on our campus. Potential New Members (PNMs) will hear from representatives of the Office of Fraternity and Sorority Life, the College Panhellenic Association, as well as additional campus partners through various sessions. The breakout sessions are designed to share various components of Fraternity and Sorority Life as well as prepare PNMs for their first weeks on campus. PNMs should gain the knowledge and tools to allow them to successfully manage expectations of their future chapter, become educated about campus norms surrounding the new member experience, learn about the philanthropic efforts of sorority women across the country, as well as learn about mutual selection and values based recruitment.

#### **LEADING WOMEN ROUND**

#### Saturday, August 19 & Sunday, August 20

On these days, you can visit a maximum of nine sororities. You will spend about 35 minutes with each chapter while they show a video that highlights their activities, sisterhood, traditions, and friendship. Please wear your recruitment T-shirt, shorts or a skirt, and comfortable shoes.

#### PHILANTHROPY ROUND

#### Tuesday, August 22 & Wednesday, August 23

During round three, you will visit a maximum of six sororities and spend about 45 minutes with each chapter to learn about their philanthropic causes and activities. Attire for this day is dressier, so please wear a sundress or skirt and top with dressy sandals or heels.

#### PREFERENCE ROUND

#### Saturday, August 26

This round is a special ceremony intended for each chapter to showcase the bond they share as sisters. You will visit a maximum of two sororities and spend about one hour with each chapter. Due to the more formal nature of this day, please wear a cocktail or semi-formal dress.

#### **BID DAY**

#### Sunday, August 27

This day is the grand finale of recruitment. Everyone will gather at the Colonial Life Arena in anticipation of the final bids. Membership bids are given out to the women who finish the recruitment process, and recruitment counselors reveal their chapter affiliation and reunite with their sisters. Please wear comfortable attire as this is an active and exciting day. Each sorority will give their new members a T-shirt or tank top to wear when they receive their bids.

### **GREEK FEES**

All members of the fraternity and sorority community pay a \$50\* Greek activity fee. Members affiliated with one of the twenty facilities in the Greek Village pay an additional \$125\* fee assessed by the university to support the construction of a parking garage dedicated to addressing the meal time congestion in the Greek Village.

\*Note that this was the fee for the 2016-17 academic year.

A financial commitment is part of joining a fraternity or sorority. In order to operate, chapters charge membership dues once a semester. Fraternity members with houses in the Greek Village are typically required to live in the fraternity house at least one year, while sorority members with houses in the Greek Village have the opportunity to live in the house. Additionally, all chapters with houses have a meal plan for members starting the semester after a student joins the organization and lasting the duration of a student's college career.

### FRATERNITY AND SORORITY HOUSING

The University of South Carolina is fortunate to have some of the premier fraternity and sorority houses in the country. The Greek Village features 20 facilities and houses approximately 700 students. The Greek Village is managed by the USC Office of Fraternity and Sorority Life and the fraternity and sorority house corporations. Each house has a live-in property manager who is trained to manage the facility, develop mentoring relationships with residents, and make sure rules and policies are upheld.

All first-year students at the University of South Carolina are expected to live in residence halls for the duration of the contract they will sign this summer for both fall and spring semesters. This means that students will be responsible for the full cost of their University Housing contracts for the fall and spring semesters. No exceptions will be made for students who wish to move from a residence hall to the Greek Village.

### HAZING POLICY & ORGANIZATIONAL CONDUCT

Hazing is against the law. The University of South Carolina strongly believes in a vibrant learning environment where all students learn, grow, and develop to their fullest potential in a safe atmosphere. As such, Carolina strongly prohibits any actions, including hazing, that detract from such an environment.

Here is a link to USC's hazing policy: www.sc.edu/policies/ppm/staf305.pdf

No organization or its initiated or uninitiated members registered or otherwise, officially or in fact, may participate in the activity of hazing. Hazing is any activity undertaken by a group or organization or a member of that group or organization in which members or prospective or uninitiated members are subjected to activities which harass, intimidate, physically exhaust, impart pain, cause undue mental fatigue or mental distress, emotional distress or engages in any conduct which presents a threat to the student's health or safety, or which cause mutilation or alteration of the body or parts of the body, which shall include but are not limited to brutality of a physical nature such as whipping, beating, branding, or exposure to elements.

Such activities include but are not limited to: tests of endurance, personal servitude activities such as cleaning, driving and running errands, submission of members or prospective members to potentially dangerous or hazardous circumstances, activities which have a foreseeable potential for resulting in personal injury, or any activity which by its nature is so profound that it would have a potential to cause severe mental anxiety, mental distress, emotional distress, panic, degradation, interference with a student's academic progress or performance or public embarrassment.

Registered organizations and groups shall be permitted certain initiation ceremonies and activities, which when examined by the ordinary university student, would seem reasonable under the circumstances and justified in view of the purpose for which they are conducted. It shall not constitute a defense to the charge of hazing that the participants took part voluntarily, gave consent to the conduct, voluntarily assumed the risks or hardship of the activity, that the conduct was not part of an official organizational event or sanctioned or approved by the organization, that the conduct was not done as a condition of membership in the organization or that no injury in fact was suffered. An individual is responsible for hazing if he or she personally takes or contributes to the actions described in this section or if they know hazing will occur or is occurring and does nothing to stop and report it to the appropriate university and legal authorities.

Retaliation against any individual who reports a hazing violation or suspected hazing violations to the university or law enforcement official would be considered a violation against university policy.

To help you make fully informed choices about joining fraternities and sororities at UofSC, we provide a report on organizational conduct violations dating back to 2011. Think about this information as you evaluate the safety and integrity of the organizations you're considering joining. Make a plan to be an active bystander in an unsafe situation and know what you can do to stop harmful behavior and get help for yourself and your peers. We care about your safety and well-being, and we appreciate your support as we work together, guided by the tenets of the Carolinian Creed, to keep our campus and community safe. In accordance with the **Tucker Hipps Transparency Act**, the university publishes this report on actual findings of violations involving alcohol, drugs, sexual assault, physical assault and hazing by fraternity and sorority organizations formally affiliated with the institution. The report includes the name of the responsible organizations; the dates of the incident, report, charge, investigation and resolution; and a general description of the incident and the subsequent charges, findings and sanctions placed on the organization. This information can be found on the main Office of Fraternity and Sorority Life website at www.sa.sc.edu/fsl.

### FOR PARENTS

Parents play a large role in a student's college career and in their decision to join a fraternity or sorority. Whether or not your family has a history of fraternity and sorority involvement, the Office of Fraternity and Sorority Life is here to help you along the way. We greatly value the role that parents play in the lives of their children and look to you as an ally in making every student's fraternity and sorority experience the best that it can be.

#### QUESTIONS FREQUENTLY ASKED BY PARENTS

#### What is the financial obligation of joining?

Costs to be a member of a fraternity or sorority can vary greatly by chapter, but it is important to know ahead of time that there will be some costs associated. The dues go toward (inter)national fees, chapter operating costs, and social functions. New members should expect to pay higher dues their first semester due to initiation fees. Groups who have a chapter facility in the Greek Village require members to join the Greek meal plan after their first semester. This is an expectation of membership.

#### Who runs the fraternities and sororities?

Students elect their own officers to manage the day-to-day operations of the organization. These officers are assisted by chapter members serving on committees and alumni who serve as advisors to the officers and general chapter members. Chapter facilities are owned by a house corporation that oversees the facility's management and operations. Each chapter is governed by its (inter)national headquarters and governing council on campus. Additionally, the Office of Fraternity and Sorority Life staff supports and advises the governing councils, Greek boards, chapter officers, and advisors.

#### What is the time commitment like?

The time commitment generally varies from chapter to chapter and from member to member, but you can expect your student to invest more time in his or her fraternity or sorority during the first semester as they go through the new member education program. New member education focuses on learning the history and facts about the organization, developing leadership and time management skills, and spending time getting to know their brothers or sisters. Although it can be time intensive, it should not interfere with academic commitments. If you have concerns about the time your student is putting into his or her chapter, do not hesitate to contact our office.
