## GUIDE TO FRATERNITY AND SORORITY LIFE

UNIVERSITY OF  
SOUTH CAROLINA

# WELCOME

Congratulations on your decision to attend the University of South Carolina! At a university of this size, the number of great opportunities for campus involvement can be overwhelming. Our fraternity and sorority community allows members the chance to become involved on- and off-campus through philanthropic endeavors, athletics, academics, and leadership development all while building and maintaining lasting relationships. Regardless of how far you will travel to Columbia, your chosen organization will be your home away from home just as your newfound brothers or sisters will become family. For these reasons, joining our Greek community has the potential to be one of the best decisions you will make in college.

Greek men and women have been part of the longstanding tradition at the University of South Carolina since the first fraternity was established here in 1852. Should you choose to become a member of one of our organizations, you will be able to follow in the footsteps of the countless accomplished Greeks who came before you. Our community was founded on the values of scholarship, leadership, friendship, and service, and our members strive to live out these values each and every day.

Your time spent at the University of South Carolina will be the best years of your life, and we hope that this guide will provide you with a small glimpse into all the ways that Greek life can enhance your experience. We wish you the very best of luck on your college journey and look forward to meeting you in the fall!

# COMMUNITY AT A GLANCE

Fraternity and Sorority Life at the University of South Carolina totals more than 6,500 members, making up 27% of the overall student body. Today, our community boasts 47 organizations, 20 on-campus facilities, and four councils. Each of our organizations has their own rituals, traditions, and philanthropies, but they all strive to live by the four core values of scholarship, leadership, service, and friendship.

## OFFICE OF FRATERNITY & SORORITY LIFE

The Office of Fraternity and Sorority Life at the University of South Carolina works with the fraternities and sororities on campus to promote the values of scholarship, leadership, service, and friendship. # SCHOLARSHIP

Fraternity and sorority members at Carolina have consistently achieved higher grade point averages and graduate at a significantly higher rate than non-Greek students. Individual chapters and the councils have scholarship chairs and academic programming to help their members succeed in the classroom.

## FALL 2017

The all-Greek GPA was 3.31.

## 925

members earned a 4.0 GPA which is 13% of the community.

## GREEK

students persist through their college career at a 10% higher rate than non-Greeks.

Every chapter has the opportunity to meet with an academic coach through the Student Success Center to assist members with study skills and accomplish their academic goals.

# LEADERSHIP

Involvement in a Greek-letter organization provides a valuable opportunity to develop your leadership skills within your chapter and on campus. Almost two-thirds of Greeks are involved in an organization at Carolina outside of their chapter!

In Fall 2017, the Office of Fraternity and Sorority Life partnered with the Leadership and Service Center to offer two sections of the Close Family Emerging Leaders Program. This eight week program helps prepare students to be leaders in their chapter as well as explore the different leadership challenges that are unique to Greek life.

# SERVICE & PHILANTHROPY

Fraternities and sororities are heavily involved in giving both their time and financial contributions to a variety of charitable causes.

## Major Greek projects include:

- Circle of Sisterhood
- Trick-or-Treat with the Greeks
- Greek Week service projects
- Individual chapter events benefiting causes like cancer charities, hunger awareness, diabetes research, children's literacy, domestic violence, and more.
- GREEKServe

## DID YOU KNOW?

During the 2017-2018 academic year, USC Greek organizations donated more than \$911,600 and over 94,000 hours to service and philanthropic organizations.

The Circle of Sisterhood Foundation, an organization that aims to remove educational boundaries of women around the world, is College Panhellenic's adopted philanthropy. In summer 2015, members from various sorority chapters traveled to Nicaragua to build a school on behalf of Circle of Sisterhood and College Panhellenic. In 2017, they committed to build another school and will be making a trip to Senegal in December 2018 to do a second build.

Trick-or-Treat with the Greeks provides a safe trick-or-treating environment for hundreds of children of community members and university staff. Children played games provided by the chapters and collected candy. Costumes were also donated to Children's Miracle Network Hospitals.

## FRIENDSHIP

Most students seek Greek affiliation as a way to meet people and develop lifelong friendships. Through brotherhood and sisterhood retreats, social events, and a variety of other chapter activities, students are able to build a close network of brothers and sisters to share in their college experience.

All organizations host regular, substance-free brotherhood and sisterhood events each semester. Some examples include movie nights, laser tag, athletic events, and more!

Fraternities and sororities look forward to their signature social events each year, which include band parties, formals, semi-formals, beach and mountain weekends, and themed date parties.

Greek Week 2018 featured a variety of activities to build Greek friendship including A Night at the Strom, the annual Greek Sing competition, service events in partnership with service organizations, and a social media campaign promoting the benefits of Greek affiliation.

## GREEK FEES

All members of the fraternity and sorority community pay a \$50\* Greek activity fee. Members affiliated with one of the twenty facilities in the Greek Village pay an additional \$250\* fee assessed by the university to support the construction of a parking garage dedicated to addressing the meal time congestion in the Greek Village.

\*Note that this was the fee for 2017-18 academic year and may change for the 2018-19 academic year

A financial commitment is part of joining a fraternity or sorority. In order to operate, chapters charge membership dues once a semester. Fraternity members with houses in the Greek Village are typically required to live in the fraternity house at least one year, while sorority members with houses in the Greek Village have the opportunity to live in the house. Additionally, all chapters with houses have a meal plan for members starting the semester after a student joins the organization and lasting the duration of a student's college career.

All women participating in Panhellenic SorORITY Recruitment who are living on campus will be able to move in on Wednesday, Aug. 15 at staggered times assigned by University Housing. Details regarding move-in day activities and schedules will be communicated later in the summer. Please visit [www.sa.sc.edu/sorority](http://www.sa.sc.edu/sorority) or email [uscsororityrecruitment@gmail.com](mailto:uscsororityrecruitment@gmail.com) for more information.

Registration costs include several meals, two sorority recruitment T-shirts, a backpack, and other recruitment expenses. An additional fee of \$100 will be charged to women moving into residence halls for recruitment. This will be billed through Self Service Carolina.

This year, we're offering online workshops to be completed prior to recruitment. Shortly after registering, potential members will receive an email prompting them to complete the workshops. The online education reviews important information about recruitment and sorority membership expectations and is required to be completed by Aug. 1.

# MEMBERSHIP INTAKE

Undergraduate students who wish to join a National Pan-Hellenic Council (NPHC) or Multicultural Greek Council (MGC) organization must meet specific membership qualifications. These standards include, but are not limited to, academic achievement (2.5-3.0 GPA depending on the organization), community service, and good character. Any interested student is required to have a minimum of 12 credit hours before participating in the intake process, and students who are on disciplinary probation may not participate. Such requirements are designed to promote the advancement of strong and effective chapters. Each organization implements its own unique membership intake process.

To learn more about NPHC and MGC organizations, students are required to attend the Intake Orientation meeting co-hosted by NPHC and MGC. Intake Orientation is generally held at the beginning of both fall and spring semesters. Fall 2018 Intake Orientation is Aug. 30 at 6 p.m. in the Russell House Theater. Additionally, interested candidates are expected to research each individual organization and chapter, as well as attend various events hosted by NPHC and MGC organizations on campus.

# FRATERNITY AND SORORITY HOUSING

---

The University of South Carolina is fortunate to have some of the premier fraternity and sorority houses in the country. The Greek Village features 20 facilities and houses approximately 700 students. The Greek Village is managed by the USC Office of Fraternity and Sorority Life and the fraternity and sorority house corporations. Each house has a live-in property manager who is trained to manage the facility, develop mentoring relationships with residents, and make sure rules and policies are upheld.

All first-year students at the University of South Carolina are expected to live in residence halls for the duration of the contract they will sign this summer for both fall and spring semesters. This means that students will be responsible for the full cost of their University Housing contracts for the fall and spring semesters. No exceptions will be made for students who wish to move from a residence hall to the Greek Village.

# HAZING POLICY & ORGANIZATIONAL CONDUCT

---

Hazing is against the law. The University of South Carolina strongly believes in a vibrant learning environment where all students learn, grow, and develop to their fullest potential in a safe atmosphere. As such, Carolina strongly prohibits any actions, including hazing, that detract from such an environment.

Here is a link to USC's hazing policy:  
[www.sc.edu/policies/ppm/staf305.pdf](http://www.sc.edu/policies/ppm/staf305.pdf)

No organization or its initiated or uninitiated members registered or otherwise, officially or in fact, may participate in the activity of hazing. Hazing is any activity undertaken by a group or organization or a member of that group or organization in which members or prospective or uninitiated members are subjected to activities which harass, intimidate, physically exhaust, impart pain, cause undue mental fatigue or mental distress, emotional distress or engages in any conduct which presents a threat to the student's health or safety, or which cause mutilation or alteration of the body or parts of the body, which shall include but are not limited to brutality of a physical nature such as whipping, beating, branding, or exposure to elements.

Such activities include but are not limited to: tests of endurance, personal servitude activities such as cleaning, driving and running errands, submission of members or prospective members to potentially dangerous or hazardous circumstances, activities which have a foreseeable potential for resulting in personal injury, or any activity which by its nature is so profound that it would have a potential to cause severe mental anxiety, mental distress, emotional distress, panic, degradation, interference with a student's academic progress or performance or public embarrassment.

Registered organizations and groups shall be permitted certain initiation ceremonies and activities, which when examined by the ordinary university student, would seem reasonable under the circumstances and justified in view of the purpose for which they are conducted. It shall not constitute a defense to the charge of hazing that the participants took part voluntarily, gave consent to the

conduct, voluntarily assumed the risks or hardship of the activity, that the conduct was not part of an official organizational event or sanctioned or approved by the organization, that the conduct was not done as a condition of membership in the organization or that no injury in fact was suffered. An individual is responsible for hazing if they personally take or contribute to the actions described in this section or if they know hazing will occur or is occurring and do nothing to stop and report it to the appropriate university and legal authorities.

Retaliation against any individual who reports a hazing violation or suspected hazing violations to the university or law enforcement official would be considered a violation against university policy.

To help you make fully informed choices about joining fraternities and sororities at UofSC, we provide a report on organizational conduct violations dating back to 2011. Think about this information as you evaluate the safety and integrity of the organizations you're considering joining. Make a plan to be an active bystander in an unsafe situation and know what you can do to stop harmful behavior and get help for yourself and your peers. We care about your safety and well-being, and we appreciate your support as we work together, guided by the tenets of the Carolinian Creed, to keep our campus and community safe. In accordance with the **Tucker Hipps Transparency Act**, the university publishes this report on actual findings of violations involving alcohol, drugs, sexual assault, physical assault and hazing by fraternity and sorority organizations formally affiliated with the institution. The report includes the name of the responsible organizations; the dates of the incident, report, charge, investigation and resolution; and a general description of the incident and the subsequent charges, findings and sanctions placed on the organization. This information can be found on the main Office of Fraternity and Sorority Life website at [www.sa.sc.edu/fsl](http://www.sa.sc.edu/fsl).

**Want to report hazing anonymously?**

# FOR PARENTS

---

Parents play a large role in a student's college career and in their decision to join a fraternity or sorority. Whether or not your family has a history of fraternity and sorority involvement, the Office of Fraternity and Sorority Life is here to help you along the way. We greatly value the role that parents play in the lives of their children and look to you as an ally in making every student's fraternity and sorority experience the best that it can be.

## QUESTIONS FREQUENTLY ASKED BY PARENTS

### What is the financial obligation of joining?

Costs to be a member of a fraternity or sorority can vary greatly by chapter, but it is important to know ahead of time that there will be some costs associated. The dues go toward (inter)national fees, chapter operating costs, and social functions. New members should expect to pay higher dues their first semester due to initiation fees. Groups who have a chapter facility in the Greek Village require members to join the Greek meal plan after their first semester. This is an expectation of membership.

---

### Who runs the fraternities and sororities?

Students elect their own officers to manage the day-to-day operations of the organization. These officers are assisted by chapter members serving on committees and alumni who serve as advisors to the officers and general chapter members. Chapter facilities are owned by a house corporation that oversees the facility's management and operations. Each chapter is governed by its (inter)national headquarters and governing council on campus. Additionally, the Office of Fraternity and Sorority Life staff supports and advises the governing councils, Greek boards, chapter officers, and advisors.

---

### What is the time commitment like?

The time commitment generally varies from chapter to chapter and from member to member, but you can expect your student to invest more time in their fraternity or sorority during the first semester as they go through the new member education program. New member education focuses on learning the history and facts about the organization, developing leadership and time management skills, and spending time getting to know their brothers or sisters. Although it can be time intensive, it should not interfere with academic commitments. If you have concerns about the time your student is putting into their chapter, do not hesitate to contact our office.
