PeopleAdmin USC Jobs, Onboarding and i9 Advantage websites operate at full functionality with Google Chrome as the preferred internet browser. To make sure you can see and use all features, follow these steps to set Google Chrome as your default browser:

1. Click the Google Chrome Icon to open Google Chrome

2. Click the box with 3 dots on the upper right-hand corner (Chrome Menu) on the browser toolbar. Then Select Settings.
3. In the "Default browser" section, click Make Google Chrome the default browser.
