Panel on the

Syrian Refugee Crisis

This panel will explore the causes and consequences of the Syrian refugee crisis and will put this crisis, and U.S. reactions to it, in a broader historical context. Panelists will offer insights into the sources of instability in Syria and elsewhere in the Middle East; the role of international law in defining refugees; the history of refugee resettlement in the U.S.; the contemporary politics of refugee resettlement; and the experiences of those seeking refuge from civil conflict.
