RULE OF LAW COLLABORATIVE

INTERAGENCY RULE OF LAW SHORT COURSE

September 12-13, 2013
Washington, DC

Course Objectives
Fundamental to the mission of the Rule of Law Collaborative is the design and delivery of innovative, interagency training of personnel working in environments where rule of law is a necessary and promising aspect of post-conflict stabilization. Drawing on an extensive basis of research and practical experience of USC faculty, we seek to assist practitioners in enhancing their collaboration, coordination, and effectiveness. Through these trainings participants will better understand the roles of USG agencies (State, DOD, Justice, USAID, and others) in ROL and recognize opportunities for interagency cooperation in identifying, funding, and implementing projects. Participants will develop additional skill sets in working in an interagency approach to critical problem areas, while deepening their understanding of root causes of conflict and state breakdown.
