Capstone Scholars continue to get involved!
This semester, 39.2% of Sophomores attended at least one of our conversations (up from 30% last spring 2012) and 47% of Freshman attended at least one as well.

34% of total Capstone Scholars attended more than one of our socials. Great Job!
Capstone Scholars are up for a challenge!

Capstone Scholars continued to push themselves this semester in a variety of different areas. Scholars will continue to complete and turn in their forms throughout the next week but so far, 100% of respondents said that their life was positively impacted by it. Keep up the great work!

Empowering students to leave their legacy...

“The personal challenge aspect of Capstone Scholars has been the most meaningful. Before beginning, I thought of the personal challenge as the easiest aspect but it quickly became the most important to me. It forced me to branch out and I have come away from my personal challenges with more than I ever expected. I have reached out to professors, worked on my fitness, and even jumped out of a plane. I had no idea I would even have these opportunities let alone take them and excel.”

Capstone Goes Abroad Next Year!

Although we are still firming up our trips, it is likely that we will have 2 Maymester programs going to Peru and Ghana, and Dr. Hickey will be leading a medical mission trip to Nicaragua! Details are still in the works.
