I. Policy

A. The University of South Carolina Bulletins, the academic catalogs of the University, are published annually by University Publications. Both the Graduate and the Undergraduate Bulletins are edited annually by this office under the supervision of the Dean of the Graduate School and the Dean of Undergraduate Studies who have final authority for all content therein and reflects pertinent action taken during the year by the Graduate Council and the Faculty Senate.

B. Curriculum and course descriptions in the bulletins are published in tabloid form during the same school year.

C. Copies of both Graduate and Undergraduate Bulletins are distributed to each faculty member, to academic departments, to administrative offices and to deans and chancellors of the system campuses. The balance of both Undergraduate and Graduate Bulletins are sent to the Office of Admissions and the Graduate School respectively to be used for recruiting and other off-campus purposes. Tabloids are similarly distributed except for individual copies to each faculty member.
