I. Policy

A. Only employees indicated in the annual State Appropriations Act may be furnished campus housing at no charge or less than fair market value. These employees must be approved by the President.

B. Housing furnished to employees who are required to reside on campus as a condition of their employment is not considered taxable income.

C. Housing furnished to employees as a convenience to the employee or the University will be reportable as taxable income to the employee per IRS guidelines.

II. Procedure

A. Departments funding all or partial costs of an employee's housing must request written approval of the President via the Vice President for Business and Finance and CFO. The request should include justification of campus housing for the employee. If the department requires the employee to reside on campus as a condition of their employment, documentation must be provided. The determination of taxable income will be made at the time of approval.

Sample Approval Form Below:

On Campus Housing For Visiting Faculty
