I. Policy

This document describes the University of South Carolina policy on paid leave programs, other than annual and sick leave and holidays (i.e., court, death in immediate family, military, voting, bone marrow donation, organ donation) for leave eligible employees, pursuant to regulations of the South Carolina Division of Human Resources. Temporary and student employees are not leave eligible.

A. The provisions of this policy will be applied in an equitable manner to all eligible employees.

B. Leave taken under this Section may qualify as Family and Medical Leave Act (FMLA) leave and, if so, will run concurrently.

II. Procedure

   a. Employees in FTE positions who are physically attacked while in the performance of official duties and who suffer bodily harm as a result of the attack will be placed on administrative leave with pay rather than sick leave.

b. Employees who wish to donate blood at a time other than during a university-sponsored blood drive must be excused from work during the employee’s regular work hours to make the donation. No leave time or make-up time will be required.
   
c. The employee wishing to donate blood is required to notify the department head or authorized supervisor of the scheduled donation and the amount of time needed as far in advance as possible. The department head may deny the employee’s request for time if the absence of the employee would create an extraordinary burden on the department.
   
d. In considering the employee’s request, the department will take into consideration such factors as the necessity and type of blood donation and other factors the department considers appropriate.
e. The department may require the employee to provide documentation of the donation as a condition of approving the leave.

5. Bone Marrow Donor Donation

a. An employee who works an average of 20 hours or more a week and who wishes to undergo a medical procedure to donate bone marrow may be granted bone marrow donor leave with pay.

b. The total amount of paid leave may not exceed 40 work hours unless approved by the Vice President for Human Resources or designee. Such leave may require verification by a health care practitioner of the purpose and length of the request.

c. If a medical determination is made that the employee does not qualify as a bone marrow donor, the paid leave granted to the employee before that determination will still be allowed.
