### Purpose

The purpose of the Student Code of Conduct is to articulate the university’s authority to initiate disciplinary action against a student in accordance with procedure and due process protections. The Code of Conduct also identifies prohibited conduct and sanctions for violations of prohibited conduct. The Carolinian Creed was developed in 1990 to establish a university values statement. The Creed is not an enforceable code of conduct. The Creed is an aspirational statement that reminds students of the importance of civil discourse while embracing mutual respect for everyone, even those we disagree with.

### Definitions

**Administrative conference**: meeting between a conduct administrator and a student to discuss the alleged code violation, explain university process, and potentially adjudicate violations of the Code of Conduct.

**Advisor**: a single individual whom the charged student or complainant may elect to accompany that individual to an administrative conference or a hearing regarding an alleged violation of university policy. Because the accused student is solely responsible for presenting their case during the disciplinary process, an advisor may confer with and advise the accused student but may not advocate for the student. If an advisor is directly related to a disciplinary case or if the advisor’s presence poses a conflict of interest, the hearing chair of the Carolina Judicial Council panel, or the conduct administrator may dismiss the advisor from the administrative conference or hearing. Advisors may be dismissed from any disciplinary proceedings if they disrupt the process.

**Carolina Judicial Council (CJC)**: a group of students, faculty, and staff who are selected and then trained to provide both educational outreach on behalf of the office of student conduct and academic integrity as well as serve on hearing panels to adjudicate allegations of student misconduct.

**Carolina Judicial Council hearing**: a meeting between the Carolina Judicial Council and a student to discuss the alleged code violation and adjudicate potential violations of the Code of Conduct.

**Common sources**: common sources of alcohol, including bulk quantities, which are not being served by a licensed and insured third party vendor, (i.e., amounts of alcohol greater than what a reasonable person should consume over the duration of an event).
Day: a university business day is one in which both the university is open and classes are in session. This excludes university holidays, Saturday and Sunday, Reading Day and final exam periods. Students may elect to participate in the conduct process during times when the university is open but classes are not in session. In extraordinary circumstances in which timely resolution is necessary, a required hearing may be scheduled on a date in which the university is open but classes are not in session.

Decision/Finding: the final disposition as to whether the weight of the information/evidence meets the preponderance standard of “Responsible”, “Responsible with Diversion” or “Not Responsible” for an alleged violation of the Code of Conduct.

Incident report: written narrative documentation of an incident that involves potential violations of the Code of Conduct; examples include, but are not limited to the conduct incident report or the interpersonal violence incident report.

Preponderance of the evidence: the preponderance of evidence is the standard used for a university conduct administrator or a Carolina Judicial Council hearing board to reach a decision or finding in a disciplinary case; using the preponderance of evidence standard, the university will weigh whether or not the information supports that a violation occurred or not.

Recognized student organization: a student organization that is currently active on campus, has fulfilled all responsibilities of a student organization and represents a group of students who desire to come together to support a particular view, explore common interests or accomplish identified tasks.

Student: a person who is currently enrolled at the university, or who is accepted for admission or readmission to the university, or who has been enrolled at the university in a prior semester or summer session and is eligible to continue enrollment in the semester or summer session that immediately follows, or who is attending an educational program sponsored by the university while that person is on campus, or who engaged in prohibited conduct at a time when the individual met the above criteria. Individuals who are not currently enrolled at the university remain subject to the disciplinary process for conduct that occurred while they were enrolled.

University official: an employee of the university including faculty members and staff members. Student employees may be considered university officials when acting in the performance of their duties.

University operated facility/University property: any buildings or properties that are owned or controlled by the university, reasonably contiguous to one another and directly support or relate to the university’s educational purpose.

Witness: a person who was present during the incident and observed what occurred; or in limited circumstances, a person to whom a respondent or complainant interacted with regarding the incident. Character witnesses are not permitted.

Policy Statement
The University of South Carolina’s mission includes providing students with the knowledge, skills, and values necessary for success and responsible citizenship in a complex and changing world. The university’s aspirational set of values that will guide student behavior are encompassed in the Carolinian Creed. Consistent with procedural and due process protections, however, this policy outlines specific prohibited conduct that can result in the disciplinary process being initiated with a student, group of students, or student organization.

A. Authority

The Board of Trustees and the President of the university are ultimately responsible for governing the university. The student conduct system is administered by the Division of Student Affairs and Academic Support. The Vice President for Student Affairs and Academic Support, in turn, designates the office of the dean of students and the office of student conduct with administrative authority and responsibility for student conduct policies and procedures. This responsibility includes: (a) formulating and implementing conduct-related policies and procedures in cooperation with other appropriate university bodies; and (b) the imposition of sanctions in an efficient, consistent, fair, legal, and educationally meaningful manner. The office of student conduct may further delegate its adjudicatory responsibility to various student conduct bodies and administrative staff including the Carolina Judicial Council, university housing staff, as well as fraternity and sorority life staff.

B. Application and Jurisdiction

1. The university may initiate disciplinary action for prohibited conduct that occurs on university property or within a university operated facility. The university may initiate disciplinary action for prohibited conduct that occurs while the student, students, or student organization is participating in off-campus activities sponsored by or affiliated with the university (including student organization functions, field trips, internships, rotations, and clinical assignments) or for any conduct that is deemed to potentially threaten the health/safety of the campus or disrupt the university learning environment no matter where such behavior may occur.

2. University disciplinary action may be instituted against a student or student organization charged with conduct that potentially violates both criminal/civil law and university policy without regard to the pendency of civil or criminal litigation in court or arrest.

3. The university’s disciplinary process may be initiated prior to, simultaneously with, or following criminal/civil proceedings off campus and any disciplinary sanctions reached under the university’s process will not be re-evaluated based on the results of a criminal/civil legal proceeding. Students or student organization conduct proceedings and actions are not subject to challenge or postponement on the grounds that criminal or civil charges involving the same/similar incident have been dismissed, reduced, or are pending in criminal/civil court.

4. University disciplinary action occurring under the Code of Conduct will be based on the preponderance of evidence standard.
5. Students, guests of students, and student organizations remain subject to discipline for prohibited conduct that occurs while suspended from the university.

6. Adjudication of any alleged violation of prohibited conduct will advance under established policies that are in effect on the day that the university receives notification of the alleged violation and not the date on which the purported infraction is noted to have occurred.

7. Additional rules and regulations may be put in place during the year and will be updated to the university’s website upon adoption.

C. Student Organization Misconduct:

Policy STAF 3.10 Student Organizations, governs specific policies pertaining to the university recognition of student organizations as well as a number of specific regulations student organization must follow. Student organizations accused of violating the regulations contained in policy STAF 3.10 or the Code of Conduct, will follow the same disciplinary procedures outlined in this policy.

D. Findings

The outcome of an administrative conference or Carolina Judicial Council hearing will be one of the following:

1. Not Responsible: Insufficient information exists to warrant a responsible finding.

2. Responsible: Based on the preponderance of the evidence standard, a violation of the Code of Conduct occurred.

3. Responsible with Diversion: May be given when the weight of the information is just over the preponderance standard and there are extenuating circumstances. Code charges with a finding of Responsible with Diversion will be deemed as a non-reportable offense after a period of time, no less than six months, designated by the office of student conduct, after the date of resolution when both of the following stipulations are met: educational sanctions are completed by the prescribed deadlines and there are no additional offenses. A non-reportable offense is a record that is not reportable outside of the university (i.e. graduate schools, background checks).

E. Prohibited Conduct

3. Reflection papers: a written response to prompts with the goal of promoting student learning reflection on their actions to determine what they have learned, how they impacted others, and how they may avoid future missteps. The topic and essay questions assigned will depend on the incident type.
