The School of Music at USC and USC Parking Services are helping Suzuki Families to make parking a bit easier this year! However, we have only been allotted a limited number of passes for our families. Priority will be given to those families who make multiple trips per week to the SOM, to those who stay for a few hours at time, to those who present financial concerns, or to those whose lessons times are at a time of day where it is VERY difficult to find parking. If you fit into one of these categories, please fill out the request below. Once we confirm your request, we will let you know how to pay (passes are $20 for the school year).

This application is due by Friday, September 4 by 12:00PM!
Late applications will only be considered if there are any remaining passes. Passes will be confirmed and handed out the week of September 8th.

Student Name(s):
