Dr. Mays serves as the Nursing Department Chair at Midlands Technical College in Columbia, SC. She began her career as a staff nurse in the Pediatric Intensive Care Unit after obtaining a BSN from University of North Florida. She went on to complete a MSN as a clinical nurse specialist in pediatric critical care from University of Pennsylvania. Experience as a staff nurse, charge nurse, hospital educator, and a pediatric nurse practitioner contributed to her desire to teach in higher education. She has been instrumental in assisting faculty with the transition to a concept-based nursing curriculum. Her love of higher education combined with a philosophy of continually challenging herself led her to complete a Doctor of Education degree specializing in Higher Education Leadership. The role of a department chair has provided opportunities to serve as a leader in nursing education by joining various organizations such as SC Organization of Nursing Leaders (SCONL), the Advisory Committee on Nursing Education (ACONE) to the SC Board of Nursing and Vice-Chair on the SC Council of Deans and Directors of Nursing Education (SCCCDDNE).
