EMS Liaisons

- EHS has identified safety liaisons in most colleges and departments.
- The move from safety liaison to EMS liaison in June 2002
- Inform Dean’s council of the shift to identify EMS liaison’s in colleges
- Role of EMS liaisons
EMS Liaison Role

- Should be an advocate for EMS
- Should have administrators’ support
- Shall attend and actively support the EMS core teams meetings
- Core team to support and be an advocate for it’s members
- A planned paradigm shift in continuous improvement for the USC
Vision Realized

- The support for the EMS core team
- The adoption and ratification of the EMS manual
- The vision for continuous improvement
- June 2002 a paradigm shift realized
- Discussion
