

# TICK TIPS

## WHAT MAKES TICKS, TICK ?

- Ticks love warm and dark places like the woods, tall grass and piles of leaves
- Although ticks do not fly or jump, they will crawl onto you in these areas, so try to stay on paved paths, or in the center of nature trails where they are less likely to be

## TICKS TO LOOK OUT FOR

The Lone  
Star Tick

The Gulf  
Coast Tick

The American  
Dog Tick

The Blacklegged  
Tick

## HOW TO REMOVE A TICK

Sanitizer Bite and Tweezers  
with Alcohol

Grab tick near its head

Slowly pull up

Sanitize the area again

## TICK PATROL - Where to check for ticks
