

CAREERS IN ENGINEERING & COMPUTING: WHERE TO BEGIN

Engineering offers a wide range of internships, co-ops, and full-time jobs — and knowing where to start can make the search easier. Below are tools and resources organized by major to help you find your next step.

ALL ENGINEERING MAJORS

- [EngineerJobs.com](#) – Search by discipline and location.
- [Engineering.com Jobs](#) – Browse openings and career insights.
- [National Society of Professional Engineers](#) – Job board and professional development resources.
- [USAJobs.gov](#) – Federal government and lab positions.

AEROSPACE ENGINEERING

- [AIAA Career Center](#) – Job board for aerospace engineers.
- [Space Individuals](#) – Space and defense technology roles.
- [Aerospace Industries Association](#) – Professional association for networking and advocacy.
- [Vertical Flight Society](#) – Connect with professionals in vertical flight and rotorcraft engineering.

BIOMEDICAL ENGINEERING

- [Biomedical Engineering Society Job Board](#) – Med-tech and research positions.
- [Pathways to Science](#) – Research internships for undergrads and grads.
- [BioPharmGuy](#) – Biotech company listings and job openings.
- [American Institute for Medical and Biological Engineering \(AIMBE\)](#) – Advocacy and events in biomedical innovation.

CHEMICAL ENGINEERING

- [AIChE Career Resources](#) – Job board for chemical engineers.
- [American Chemical Society](#) – Jobs and career advice.
- [ChemistryJobs.com](#) – Industry-specific listings.

CIVIL ENGINEERING

- [ASCE Career Connections](#) – Jobs, internships, and networking events.
- [Institute of Transportation Engineers Job Board](#) – Roles in transportation and infrastructure.
- [American Society of Civil Engineers](#) – Professional society for civil engineers.
- [American Concrete Institute](#) – Resources and events for structural professionals.

COMPUTER, ELECTRICAL & IT FIELDS

- [ACM Jobs](#) – Academic and industry roles in computing.
- [Dice.com](#) – Tech and IT jobs.
- [GitHub](#) – Showcase your projects and connect with recruiters.
- [Careers in Cyber](#) – Cybersecurity jobs.
- [ClearedJobs.net](#) – For security-cleared positions.

MECHANICAL ENGINEERING

- [ASME Career Center](#) – Engineering and manufacturing positions.
- [Engineering Central](#) – Entry-level mechanical and design jobs.
- [Society of Automotive Engineers \(SAE\)](#) – Internships and networking for automotive engineers.

PRO TIPS

- Follow professional associations for your field — many share exclusive internship leads.
- Keep your LinkedIn active and connect with classmates, alumni, and faculty.
- When in doubt about a posting, ask the Career Center to help verify it.
