Principal Investigator – Certifying the eForm
Next Steps:

• The report will be considered complete once all applicable PIs have completed their certification.

• If a correction is requested at any step of the process (and the form is recycled), it will route back to the Business Manager to make any needed adjustments.

• The Business Manager will then re-submit the report for re-certification.

**Note:** If the Employee and PI or Supervisor and PI are the same person, approval will be automatic at the PI step.
PI Responsibilities

• Review the salary charged to ensure the percentage charged is a reasonable representation of how the employee spent their time on your award(s) where you are the Principal Investigator
• Ensure the effort that is reported is consistent with effort reported within progress reports submitted to the sponsor (as applicable)
• As Principal Investigator you are responsible overall for the expenses that are charged to the grant award. Inaccurate effort reports may result in punitive actions as noted in Federal and University Policies
• If you have questions or concerns, coordinate with your Business Manager
