### VI. Creating a TRV eForm

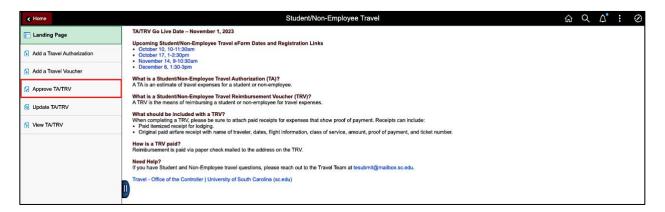

A TRV (Travel Reimbursement Voucher) eForm is the means of reimbursing a student or non-employee for travel expenses.

To navigate to the Student/Non-Employee Travel eForms Landing page use the following menu path:

#### Main Menu > USC Finance eForms > Student/Non-Employee Travel eForm

In this example, the individual has returned from their trip and is waiting for reimbursement.

Step 1: Click the Add a Travel Voucher tab.

**Step 2**: On the search page, you can search for the approved Travel Authorization multiple ways. For this example, enter the TA number in the **TA Form ID** field. This will provide a list of the TA form ID(s) that can be used to begin creating the Travel Voucher. This connects the TA to the TRV and pre-populates information within the TRV eForm.

**Note:** Notice for this example, two options returned. This indicates that two individuals were listed on the TA eForm. **The system requires a Travel Voucher to be created for each individual traveler.**
