

Getting Started with ProctorU

- ProctorU is an online proctoring service that allows students to take an exam from the comfort of their home anytime 24/7. [Watch this brief video to learn more.](#)
- Step one in utilizing this service is to create a ProctorU account You can do this by visiting the [ProctorU portal page](#) and provide the requested information. Please be sure to select the “Instructor” option.
- Once your account has been created a ProctorU product specialist will notify you and establish a time to connect for a brief training session on our Live+ and Review+ service lines. The product specialist will cover account access, exam entry details, reporting and best practices.
- ProctorU suggests uploading exams at least 3-4 weeks in advance to give students plenty of time to schedule preferred appointment times.
- Some additional instructor resources can be found here: [Welcome New Instructors](#)
- Student resources can be found here: [Test-Taker Resource Page](#)

Your Account Manager with ProctorU is
