WELCOME

Congratulations on your decision to attend the University of South Carolina! At a university of this size, the number of great opportunities for campus involvement can be overwhelming. Our fraternity and sorority community allows members the chance to become involved on and off campus through philanthropic endeavors, athletics, academics, and leadership development, all while building and maintaining lasting relationships. Regardless of how far you will travel to Columbia, your chosen organization will be your home away from home, just as your newfound brothers or sisters will become family. For these reasons, joining our fraternal community has the potential to be one of the best decisions you will make in college.

Greek men and women have been part of the longstanding tradition at the University of South Carolina since the first fraternity was established here in 1852. Should you choose to become a member of one of our organizations, you will be able to follow in the footsteps of the countless accomplished Greeks who came before you. Our community was founded on the values of scholarship, leadership, friendship, and service, and our members strive to live out these values each and every day.

Your time spent at the University of South Carolina will be among the best years of your life, and we hope that this guide will provide you with a small glimpse into all the ways that Greek life can enhance your experience. We wish you the very best of luck on your college journey and look forward to meeting you in the fall!

Fraternity and sorority members at South Carolina have consistently achieved higher grade point averages and graduate at a significantly higher rate than non-Greek students. Individual chapters and the councils have scholarship chairs and academic programming to help members succeed in the classroom. In partnership with the Student Success Center, chapters are able to encourage members to utilize their resources, such as one-on-one, drop-in, and online peer tutoring; supplemental instruction; and one-on-one and drop-in peer writing and communications tutoring.

LEADERSHIP

Joining a fraternity or sorority is about more than just the social opportunities and relationships. The Office of Fraternity and Sorority Life also hosts different events throughout the year to encourage members to focus on their own personal, professional and leadership development. Leadership programs include:

**Roundtables:** Roundtables provide small-group opportunities for individuals and chapter officers to engage with one another, share strategies, and receive training around a variety of topics. Previous topics have included personal finances, marketing your Greek experience, and supporting members’ academic efforts.

**EmpowHER and MoMENtum Conferences:** These conferences are designed to have sorority women and fraternity men engage in interactive presentations and activities, and participate in personal reflection related to: mental health; relationships; advocacy; diversity and inclusion; leadership and career; and other topical issues.

**Greek New Member Experience:** This half-day experience aims to help newly initiated members build connections with other affiliated-students, learn more about our overall fraternal community, and participate in an immersive community-building experience.

**Greek Ambassadors:** Greek Ambassadors are high-achieving students who serve as the official representatives for our fraternal community. These volunteers and leaders represent the office at all Admissions events, New Student Orientation, and participate in office-initiatives like GREEKServe and other programming.

Our opportunities are free to members of our fraternities and sororities, and new initiatives are always being developed. This year, we are hoping to launch Greeks Get Hired, a career-readiness program for our graduating seniors, and are redeveloping our emerging leaders programming! As a result of participating in our programs, students are:

- more knowledgeable about on-campus resources;
- more self-aware of their own identities;
- feel more prepared to take on a leadership position or excel in a position they currently hold;
- feel more confident in their ability to manage peer-to-peer accountability efforts;
- and develop other essential soft-skills that help prepare them for professional aspirations.

Looking for ways to get involved within the fraternity and sorority community?

Check out these opportunities:
- College Panhellenic Association, Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, Greek Leadership Conference, GREEKServe, Greek Ambassadors, Greek Week Board, Rho Alpha and Pi Chi recruitment counselors, Roundtables, EmpowHER and MoMENtum Conferences and the Harm Reduction Series.

Want more information about these opportunities? Visit sc.edu/fraternitysororitylife
Members are encouraged to give back to the greater South Carolina and Columbia communities through service initiatives, which may be organized by the office, the governing council and individual chapters. Our chapters support a variety of causes including: breast cancer awareness and research, sexual assault prevention and awareness, local food banks, women’s empowerment issues, access to education, juvenile diabetes research, safe and affordable housing, the local children’s hospital, and so much more. Fraternity and sorority members have the opportunity to participate in:

**GREEKServe:** This monthly service opportunity is open to any member of our fraternal community. Usually lasting one to two hours, GREEKServe may include neighborhood clean-ups, working a shift at the local food bank, volunteering for a local 5k race, and more.

**Trick-or-Treat with the Greeks:** Every year, Greek Village opens to children from the university family and the greater Columbia community for trick-or-treating. Chapters put together carnival games such as face painting, cake walks, balloon darts, bounce houses and more to entertain children.

**Chapter/Council Opportunities:** Every chapter and governing council also plans their own philanthropic events and service opportunities. Philanthropy events have included sporting tournaments, pageants, performance-based competitions, food sales and car washes. Service opportunities include roadside cleanup, reading to children at a local elementary school, helping residents at a local assisted-living facility, volunteering at a local 5k or festival, and volunteering at local nonprofit events.

**SERVICE COMMITMENT BASED ON THE 2019 CALENDAR YEAR**

- **19 hours** contributed per member
- **$157** raised per member
- **130,000 hours** dedicated to service
- **$1,050,000** donated to service organizations
FRIENDSHIP

Most students seek Greek affiliation as a way to meet people and develop lifelong friendships. Through brotherhood and sisterhood retreats, social events, and a variety of other chapter activities, students are able to build a close network of brothers and sisters to share in their college experience.

All organizations host regular, substance-free brotherhood and sisterhood events each semester. Some examples include movie nights, laser tag, athletic events, and more!

Fraternities and sororities look forward to their signature social events each year, which include band parties, formals, semi-formals, beach and mountain weekends, and themed date parties.
COLLEGE PANHELLENIC ASSOCIATION

The National Panhellenic Conference (NPC) is the umbrella group for 26 organizations, 13 of which have chapters on South Carolina’s campus. The purpose of NPC is to be the “premier advocacy and support organization for the advancement of the sorority experience.” At South Carolina, the College Panhellenic Association (CPA) is the subset campus organization that supports the Panhellenic chapters on campus. The College Panhellenic Association has elected executive members to act as liaisons between the university and chapter members to create legislation, support recruitment of members, promote academic excellence, create educational programming, and more. The council meets weekly with one representative from each Panhellenic chapter to collaborate and have open discussion about current issues. In addition, the Junior Panhellenic group, established in 2019, encourages new members to meet women in other chapters and provides leadership development opportunities to the newest women in the community.

The College Panhellenic Association executive board is made up of women from different chapters who disassociate from their own chapters to promote the ideals of scholarship, leadership, friendship and service. The eight executive positions include president, vice president of recruitment, vice president of administration, vice president of accountability, vice president of member development, vice president of service, vice president of programming, and vice president of public relations.
The North American Interfraternity Conference (NIC) is the umbrella group for 66 organizations, 22 of which have chapters on South Carolina’s campus. The local UofSC board, the Interfraternity Council (IFC) hosts bi-weekly meetings with chapter presidents to create events, discuss current issues, and support recruitment efforts.

On an annual basis, the Interfraternity Council (IFC) assists with a series of events including Greek Week, National Hazing Prevention Week and Trick-or-Treat with the Greeks. The Interfraternity Council also supports all philanthropic events hosted within the community throughout the year. In 2019, they adopted Palmetto Children’s Hospital as an organization to support. The annual Greek Bowl tournament is hosted to raise funds and awareness for the local hospital.

The executive board is made up of ten elected positions that include president, vice president of administration, vice president of community equity, vice president of conduct, vice president of finance, vice president of member development, vice president of programming, vice president of public relations, vice president of recruitment, and vice president of scholarship.
The Multicultural Greek Council (MGC) is the governing council for the five culturally-based Greek-letter fraternities and sororities at South Carolina. The purpose of the Multicultural Greek Council is to unify all multicultural organizations, to further promote diversity and unity throughout the community, and to encourage cooperation and cohesion among member organizations and other organizations on campus. MGC has seven executive officers including president, vice president, treasurer, secretary, vice president of standards, vice president of service, and vice president of publicity. MGC holds bi-weekly meetings with a delegate from each organization to collaborate and discuss issues that impact MGC and South Carolina. The council provides educational programming and service opportunities for member organizations and the student body. In addition to enriching the surrounding community, the council works to nurture the intellectual, emotional, and social development of its members.
The National Pan-Hellenic Council (NPHC) is the coordinating council for the eight historically African American Greek-letter fraternities and sororities at South Carolina. The purpose of the National Pan-Hellenic Council is to foster cooperative actions of its members in dealing with matters of mutual concern.

To this end, NPHC promotes the well-being of its member organizations and provides leadership development for its constituents. NPHC holds bi-weekly meetings with its executive board of eight officers and a delegate from each organization to collaborate and discuss issues that impact NPHC and South Carolina. NPHC at South Carolina serves as the communication link between its member organizations, university administrators, other Greek governing councils, and the student body at-large. NPHC is committed to upholding the core values of scholarship, leadership, friendship, and service by developing, implementing, and supporting impactful and engaging programming designed to meet the needs of students on the University of South Carolina campus and residents of the greater Columbia area.

**GREEK FEES**

All members of the fraternity and sorority community pay a $50* Greek activity fee each semester.

Please note that all housing costs, meal plan fees, and chapter dues are subject to change.

*Note that this was the fee for 2019-20 academic year and may change for the 2020-21 academic year.

A financial commitment is part of joining a fraternity or sorority. In order to operate, chapters charge membership dues once a semester. Members with houses in the Greek Village are typically required to live in the house at least one year. Additionally, all chapters with houses have a meal plan for members starting the semester after a student joins the organization, and lasting the duration of a student’s college career.

HOW TO JOIN

Three different membership recruitment processes exist for fraternities and sororities to take in new members. Each process will be explained in detail in the following pages. Please note that all organizations have a cost associated with membership. To learn more about these costs, please see pages 12 and 13.

PANHELLENIC SORORITY RECRUITMENT:
The sororities that are members of the National Panhellenic Conference participate in primary recruitment, which gives potential new members a chance to visit with each chapter and follows a structured schedule of events. See page 15 for more information.

INTERFRATERNITY COUNCIL RECRUITMENT:
The fraternities that are members of the North American Interfraternity Conference participate in fraternity recruitment, which gives men a chance to get a feel for fraternity life. See page 18 for more information.

MGC AND NPHC MEMBERSHIP INTAKE:
The fraternities and sororities of the Multicultural Greek Council and National Pan-Hellenic Council participate in membership intake, which is organized by the individual chapters. See page 21 for more information.
PANHELLENIC SORORITY RECRUITMENT

All women participating in Panhellenic Sorority Recruitment who are living on campus will be able to move in on a rolling basis between Aug. 9 and 12. Dates and times will be assigned by University Housing later in the summer. Please visit sc.edu/fraternitysororitylife or email uscsororityrecruitment@gmail.com for more information.

The registration fee includes some meals, a recruitment T-shirt, a small backpack, and a face covering. An additional fee of $100 will be charged to women moving into residence halls for recruitment. This will be billed through Self Service Carolina.

This year, as the Panhellenic community hosts recruitment with physical distancing measures in place, we encourage everyone to do their part. Occupancy during recruitment events will be capped and strictly enforced. Face coverings will be provided to potential new members and should be carried at all times so as to be prepared for times they are required. Students with health conditions that make wearing a face covering risky should register with the Student Disabilities Resource Center by July 31. In addition, other health and safety protocols will be in place during recruitment events and should be followed at all times. For more information about the university’s response to COVID-19, visit sc.edu/safety/coronavirus.

RECRUITMENT EVENTS

Recruitment Orientation and Sorority 101 programming will occur based on the potential new member’s move-in date. All potential new members will participate in the same recruitment events no matter their move-in date.

ROUND 1: GO GREEK

ROUND 2: PHILANTHROPY

ROUND 3: LEADING WOMEN
Chapters will also review financial expectations during this round

ROUND 4: PREFERENCE ROUND

BID DAY
Sunday, Aug. 23
Unfortunately, due to physical distancing measures, Bid Day events will not be open to friends, family, or the public.

Undergraduate students who wish to join a Multicultural Greek Council (MGC) or National Pan-Hellenic Council (NPHC) organization must meet specific membership qualifications. These standards include, but are not limited to, academic achievement (2.5-3.0 GPA depending on the organization), community service and good character. Any interested student is required to have a minimum of 12 credit hours before participating in the intake process, and students who are on disciplinary probation may not participate. Such requirements are designed to promote the advancement of strong and effective chapters. Each organization implements its own unique membership intake process.

To learn more about MGC and NPHC organizations, students are required to attend the Intake Orientation co-hosted by MGC and NPHC. Intake Orientation is generally held at the beginning of both fall and spring semesters. Fall 2020 Intake Orientation is Aug. 27 at 6:30 p.m. in the Russell House Ballroom. Additionally, interested candidates are expected to research each individual organization and chapter, as well as attend various events hosted by the respective organization.

*All dates and locations are subject to change

The University of South Carolina is fortunate to have some of the premier fraternity and sorority houses in the country. The Greek Village features 20 facilities and houses approximately 700 students. The Greek Village is managed by the UofSC Office of Fraternity and Sorority Life and the fraternity and sorority house corporations. Each house has a full-time, live-in property manager who is trained to manage the facility, develop mentoring relationships with residents, and make sure rules and policies are upheld.

All first-year students at the University of South Carolina are expected to live in residence halls for the duration of the contract they will sign this summer for both fall and spring semesters. This means that students will be responsible for the full cost of their University Housing contracts for the fall and spring semesters. No exceptions will be made for students who wish to move from a residence hall to the Greek Village.
MEMBERSHIP EXPECTATIONS

Expectations of membership vary between chapters. Typically, chapters have requirements based on categories listed below. These are great things to ask about during the recruitment/intake process as they are not only considered prior to joining a chapter, but are requirements throughout membership.

- Maintain a minimum GPA
- Attend chapter meetings and events
- Be involved in other organizations on campus
- Complete service hours
- Support the organization’s philanthropic efforts

- Be involved with committees within the chapter
- Maintain financial good standing
- Uphold the values of the organization

FINANCIAL COMMITMENT

• CPA Dues
  - Chapter semester dues: $350-$920
  - First semester dues: $350-$1,335

• IFC Dues
  - Chapter semester dues: $650-$1,250
  - First semester dues: $500-$1,375

• MGC & NPHC Dues
  - Chapter semester dues: $30-$1,000
  - First semester dues: $90-$2,500

NOTES ON FINANCIAL COMMITMENT

First semester dues are more expensive due to initiation fees and new member fees.

These fees strictly cover chapter dues and do not include chapter apparel/paraphernalia, philanthropic donations, housing, meal plans, and other incidentals.

Please note that all requirements and fees are averages based on previous years’ statistics, and many organizations’ requirements exceed the average.
HAZING POLICY & ORGANIZATIONAL CONDUCT

Hazing is against the law. The University of South Carolina strongly believes in a vibrant learning environment where all students learn, grow, and develop to their fullest potential in a safe atmosphere. As such, South Carolina prohibits any actions, including hazing, that detract from such an environment. UofSC’s hazing policy can be found at: sc.edu/policies/ppm/staf305.pdf

No organization or its initiated or uninitiated members registered or otherwise, officially or in fact, may participate in the activity of hazing. Hazing is any activity undertaken by a group or organization or a member of that group or organization in which members or prospective or uninitiated members are subjected to activities which:
- harass, intimidate, physically exhaust, impart pain
- cause undue mental fatigue or mental distress, emotional distress
- engages in any conduct which presents a threat to the student’s health or safety
- causes mutilation or alteration of the body or parts of the body, which shall include but are not limited to brutality of a physical nature such as whipping, beating, branding, or exposure to elements.

Such activities include but are not limited to:
- tests of endurance
- personal servitude activities such as cleaning, driving and running errands
- submission of members or prospective members to potentially dangerous or hazardous circumstances
- activities which have a foreseeable potential for resulting in personal injury
- any activity which by its nature is so profound that it would have a potential to cause severe mental anxiety, mental distress, emotional distress, panic, degradation, interference with a student’s academic progress or performance
- public embarrassment

Registered organizations and groups shall be permitted certain initiation ceremonies and activities, which when examined by the ordinary university student, would seem reasonable under the circumstances and justified in view of the purpose for which they are conducted. It shall not constitute a defense to the charge of hazing that the participants took part voluntarily, gave consent to the conduct, voluntarily assumed the risks or hardship of the activity, that the conduct was not part of an official organizational event or sanctioned or approved by the organization, that the conduct was not done as a condition of membership in the organization or that no injury in fact was suffered. An individual is responsible for hazing if they personally take or contribute to the actions described in this section or if they know hazing will occur or is occurring and do nothing to stop and report it to the appropriate university and legal authorities.

Retaliation against any individual who reports a hazing violation or suspected hazing violations to the university or law enforcement official would be considered a violation against university policy.

To help you make fully informed choices about joining fraternities and sororities at UofSC, we provide a report on organizational conduct violations dating back to 2012. Think about this information as you evaluate the safety and integrity of the organizations you’re considering joining. Make a plan to be an active bystander in an unsafe situation and know what you can do to stop harmful behavior and get help for yourself and your peers. We care about your safety and well-being, and we appreciate your support as we work together, guided by the tenets of the Carolinian Creed, to keep our campus and community safe. In accordance with the Tucker Hipps Transparency Act, the university publishes this report on actual findings of violations involving alcohol, drugs, sexual assault, physical assault and hazing by fraternity and sorority organizations formally affiliated with the institution. The report includes the names of the responsible organizations; the dates of the incident, report, charge, investigation and resolution; and a general description of the incident and the subsequent charges, findings and sanctions placed on the organization. This information can be found on the main Office of Fraternity and Sorority Life website at sc.edu/fraternitiesororitylife.
HARM REDUCTION EDUCATION

The fraternity and sorority community is committed to members having a safe, fun and memorable Greek experience. Our community education focuses on harm reduction topics including: bystander intervention, event management, hazing, mental health, sexual assault and interpersonal violence, and substance abuse. The Office of Fraternity and Sorority Life partners with several other offices on campus including University of South Carolina Police Department, Student Conduct, Substance Abuse Prevention and Education, and Sexual Assault and Violence Intervention & Prevention to provide education to the community. Chapters host or attend programs on at least three topics over a calendar year. These programs may include alcohol skills training, hazing, sexual assault, bystander intervention, substance abuse, mental health and self-defense. In addition, each year during National Hazing Prevention Week, the Greek community hosts awareness and education events for UofSC students.

Additional educational opportunities include an online anti-hazing module for all incoming members of our community, reviewing social events for best risk management practices, organizational concern investigations, and a parent webinar that will be available on our website in 2020 about new member education.

ANNUAL CHAPTER EXPECTATIONS

The ACE Program allows the Office of Fraternity and Sorority Life to evaluate chapter performance as it relates to our minimum expectations of UofSC fraternal organizations, and gives potential members additional information about our chapters, prior to joining.

The ACE Program evaluates chapters in the areas of: Leadership and Member Development; Safety and Accountability; Community Engagement; Academic Excellence; and Accomplishments and Challenges. Based on their ability and dedication to meeting minimum expectations, chapters received the following designations for the 2019 calendar year.

FOR PARENTS

Parents and family members play a large role in a student’s college career and in their decision to join a fraternity or sorority. Whether or not your family has a history of fraternity and sorority involvement, the Office of Fraternity and Sorority Life is here to help you along the way. We greatly value the role that families play in the lives of their students and look to them as allies in making every fraternity and sorority experience the best that it can be.

QUESTIONS FREQUENTLY ASKED BY PARENTS AND FAMILY MEMBERS

What are the financial obligations of joining?

Costs to be a member of a fraternity or sorority can vary greatly by chapter, but it is important to know ahead of time that there will be some costs associated. The dues go toward (inter)national fees, chapter operating costs, and social functions. New members should expect to pay higher dues their first semester due to initiation fees. Groups who have a chapter facility in the Greek Village require members to join the Greek meal plan after their first semester. This is an expectation of membership.

Who runs the fraternities and sororities?

Students elect their own officers to manage the day-to-day operations of the organization. These officers are assisted by chapter members serving on committees and alumni who serve as advisors to the officers and general chapter members. Each chapter facility is owned by a house corporation that oversees the facility's management and operations. Each chapter is governed by its (inter)national headquarters and governing council on campus. Additionally, the Office of Fraternity and Sorority Life staff supports and advises the governing councils, chapter officers and chapter advisors.

What is the time commitment like?

The time commitment generally varies from chapter to chapter and from member to member, but you can expect your student to invest more time in their fraternity or sorority during the first semester as they go through the new member education program. New member education focuses on learning the history and facts about the organization, developing leadership and time management skills, and spending time getting to know their brothers or sisters. Although it can be time intensive, it should not interfere with academic commitments. If you have concerns about the time your student is putting into their chapter, do not hesitate to contact our office.
