State Optional Retirement Program (State ORP)

Administered by MassMutual®

Why choose MassMutual as your State ORP provider?

You have choices when it comes to selecting your State Optional Retirement Plan (State ORP) service provider. With local retirement education assistance, investment guidance, and interactive self-service tools, MassMutual is here to help you plan for a secure financial future.

We're here to help!

MassMutual has two local retirement and education resources dedicated to providing support and guidance to State ORP participants. They're available to help you understand the details of the plan as well as how to enroll, switch providers during open enrollment, and consolidate retirement accounts. They can also assist you with the website and mobile app, plus much more.

Make the most of your investment

Investments Options

To help you create a well-diversified portfolio, MassMutual offers a wide range of stocks, bonds, and cash investments; including a Guaranteed Interest Account (GIA).^{*} Unlike other investments where the rate of return varies based on market conditions, the GIA offers a fixed rate of return for a set period of time. The GIA rate is currently set at 2.4% and is guaranteed through July 1, 2021.¹

Competitive cost structure

MassMutual partners with PEBA to closely monitor the plan to ensure we are offering high-quality, low-cost investments. And lower costs means more money in your account with the potential to grow over time.

To learn more about the investment options available, visit www.MassMutual.com/scorp

¹ The guarantee of the GIA is based on the claims-paying ability of the issuing insurance company.

* Investors should consider an investment option's objectives, risks, charges and expenses carefully before investing. This and other information about the investment option can be found in the applicable prospectuses (and/or summary prospectuses, if available), if any, or fact sheets for the investment options listed, which are available from your plan sponsor, on the participant website or by contacting our Participant Service Center. Please read them carefully before investing.

For those investors who are considering rolling in funds from their previous retirement plan, they should consider the impact of transfer fees, the loss of vested benefits and/or surrender charges that may be imposed by their previous retirement plan.
