Division of Human Resources
University of South Carolina

Enhance your existing benefits package with Hospital Confinement and Cancer insurance coverages.
You may already have questions about the three coverages offered you. Below are some commonly-asked questions and their answers.

Q. Can I apply for both plans?
A. Yes. You may choose any of these plans if you are a permanent faculty or staff member (30 hours per week) and work for the University at least six months out of the year.

Q. Can my spouse and children apply for these plans?
A. Yes. Each of these plans offers coverage for your spouse and children.

Q. If I leave the University of South Carolina, does my coverage continue?
A. Yes. You can take the coverage with you with no increase in premium. You may simply pay for the coverage through a bank draft or other billing instead of payroll deduction.

Q. When I have a claim, is the claim paid directly to me?
A. All claims checks are payable to you, unless you specify otherwise. You are free to spend the benefit to cover any needs or services you may have.

Q. How long can I keep my coverage in force?
A. Your coverage is guaranteed renewable for life simply by paying the established premium rate. Your premium can be changed only if we change it on all like policies in force in the state where you live.

Q. Can I receive these benefits in addition to other plans that I have?
A. Yes. Colonial Life does not coordinate benefits with other plans. Your coverage with Colonial Life is an individual plan. Colonial Life benefits are payable in addition to coverages you might have, such as your state group health coverage.

Q. Are there any deductibles on these plans before benefits are paid?
A. No.

Q. If I have other questions concerning these plans, who do I call?
A. You can call: Ian Schumpert, 803-271-9190

Coverage will not be available for an applicant who has been diagnosed or treated for Acquired Immune Deficiency Syndrome or an AIDS-related condition before the policy effective date. This underwriting approach is standard procedure for Colonial Life & Accident Insurance Company, and in no way reflects the policy or views of the University of South Carolina.

Benefits are payable for hospital confinement for the treatment of mental or nervous disorders, drug addiction or alcoholism and are limited to 30 days confinement for each calendar year. Benefits for drug addiction or alcoholism are limited to 90 days per lifetime. (See the Outline of Coverage for the definition of a hospital.)

Spouse and unmarried dependents of faculty and staff members are also eligible to receive sickness and accident benefits. Dependent children are covered to age 23 unless they’re dependent upon the main insured for support because of physical or mental disability.
