### **Compliance**

The Off-Site Reaffirmation Committee found support for the institution's case for compliance.

The institution provided documentation that its mission is clearly defined, comprehensive, and published. The current mission statement was reviewed and approved by the University Board of Trustees on October 11, 2019, and approved by the Commissioner of Higher Education December 5, 2019. According to board policy, the Board of Trustees must review and update as needed the missions for the system and each component campus unit at least once every four years. The missions for the institution are scheduled for review again in 2023. The South Carolina code indicates that each regional campus must also have mission statements that are comprehensive, clear, and published. Evidence was provided that each regional campus has comprehensive, clear, and published mission statements. Each of the regional campuses mission statements were also approved by the Board of Trustees October 11, 2019, and by the Commissioner of Higher Education December 5, 2019.
