OFFICE OF THE PRESIDENT

October 8, 2021

Dr. Harris Pastides
Interim President
University of South Carolina - Columbia
206 Osborne Building
Columbia, SC 29208

Dear Dr. Pastides:

Thank you for submitting the following substantive change:

Substantive change:
Program Closure
Bachelor of Science (B.S.) in Geophysics
Submission date:
5/1/2021
Intended Implementation date:
8/1/2021
Case ID:
SC014129

The University of South Carolina Columbia is closing the Bachelor of Science (B.S.) program in Geophysics. Students who are currently enrolled in the program have been informed of its closure and were given the option of completing their degree as planned, or transferring to the geophysics concentration that was recently added to the B.S. program in Geological Sciences. Students will not face disruptions or additional expense with either option. Faculty members who teach specialized classes in the Geophysics program will teach the required courses for the new concentration within the Geological Sciences program, and will not be adversely impacted by the closure.

The Board of Trustees of the Southern Association of Colleges and Schools Commission on Colleges approves the closure of the Bachelor of Science (B.S.) degree program in Geophysics.

Should you need assistance, please contact Dr. Linda Thomas-Glover at 404-679-4501 or via email at lthomas-glover@sacscoc.org.

Please include the Case ID number above in all submissions or correspondence about this substantive change.

Dr. Harris Pastides
October 8, 2021

Note: The SACSCOC substantive change policy was revised in 2020 and updated in March and June 2021. The policy has many new requirements and changes to previous requirements. The *Substantive Change Policy and Procedures* and learning resources are available on the substantive change webpage at www.sacscoc.org.

Sincerely,

A handwritten signature in cursive script that reads "Belle S. Wheelan".

Belle S. Wheelan, Ph.D.
President
