Unique problems and issues associated with private club management.

## **Full Course Description**

HRTM Majors- required; HRTM Minor- recommended; 3 credit hours

This course is designed to be a basic introduction to the private club segment of the hospitality industry. Clubs are typically beautiful facilities, where top-of-the-line service is provided to members and their guests (versus customers).

## **Prerequisites**

There are no prerequisites for this course.

## **Learning Outcomes**

The primary goals of HRTM 285 are – to provide students with a basic knowledge of private club operations, including how and why this industry segment exists.

Additionally, students will gain skills necessary to categorize numerous types of clubs and memberships. Lastly students will evaluate how changes in the economy, demographics, and societal norms impact club operations and its membership and debate how these changes may affect clubs in the future.

The following measurable learning outcomes will be used to determine the degree to which these goals are being met.

*By the end of this course, students will be able to:*

- Explain how the First Amendment to the United States Constitution governs and protects the existence of private clubs and their operations
- Categorize types of clubs and types of club memberships based on key characteristics of facilities and access, respectively
- Identify tangible and intangible factors that influence service encounters
- Compare and contrast aspects of private club operations to their open-to-the-public counterparts (restaurants, daily fee golf courses, municipal pools, etc.)
- Explain key attributes of the club's facility and atmosphere unique to private clubs or membership based operations

- Analyze various managerial responses to challenges that can occur in club operations and create action plans to minimize associated risks

All learning outcomes in the course are equivalent to the face-to-face (F2F) version of the course

### **Course Requirements**

#### **Course Format**

This is a fully online course. Online classes are not easier than face-to-face lecture classes. To succeed in an online class, you must be extremely motivated and well organized. You will need to purchase the required textbook listed above by the first day of the course. Other course materials are available via Blackboard ("Bb"). Regular Internet access is essential for successful completion of the course.

The typical class structure will consist of learning modules, which include:

- PowerPoint Lectures with Voiceover
- Readings/Case Studies
- Online Discussions
- Exams
- Virtual Guest Speaker Presentations and Virtual Field Trips

This is an entirely Web-based course. We have no face-to-face class meetings, and you will complete your work asynchronously - which simply means that you will be working on it at different times than your colleagues. You can log into the class to do your work at whatever time is convenient for you as long as you are meeting class deadlines.

It is important to understand that this is not a self-paced class or an independent study. You will have assigned deadlines, and work must be submitted on time. You may not save up your assignments to complete in the last weeks or days of the semester. One critical part of this class is regular interaction with other students and with me, your instructor. Each assignment sequence must be completed on schedule – you can't work ahead or get behind and be successful.

## Course Communication

I will be communicating with you regarding grades and assignments. If you need to get in touch with me, the best method is via email. Generally, I will reply to emails within 24 hours and will provide feedback on assignments within 48 hours. You may also post questions pertaining to the course on the Blackboard Discussion Board. These questions will be answered within 24 hours.

If you are having trouble with this course or its material, you should contact me via email to discuss the issues.

Announcements will be posted to this course whenever necessary. If there is any other information I think is important, I will send it to your email address you have in Blackboard. It is your responsibility to ensure that your email account works properly in order to receive email.

Below is how you check your email address in Blackboard:

- Access [blackboard.sc.edu](https://blackboard.sc.edu)
- Click your name on the main Blackboard navigation panel on the left
- Review your email address. By default, Blackboard uses your university-issued email address

Your email address in Blackboard coincides with your preferred university email. If you are unsure of your preferred email, [check your account \(myaccount.sc.edu\)](https://myaccount.sc.edu). For more information on setting your preferred university email, please see the [How To Change Your Primary University Email Address \(https://scprod.service-now.com/sp?id=kb\\_article\\_view&sysparm\\_article=KB0011464\)](https://scprod.service-now.com/sp?id=kb_article_view&sysparm_article=KB0011464) Knowledge Base article.

Success in this course is dependent on your active participation throughout the course. You are expected to log into Blackboard several times a week and complete course assignments. Even if your work is completed, you still need to login to ensure that you have seen all announcements, etc. It is your responsibility to checking updates related to the course.

### **Academic Integrity**

You are expected to practice the highest possible standards of academic integrity. Any deviation from this expectation will result in a minimum academic penalty of your failing the assignment, and will result in additional disciplinary measures. This includes improper citation of sources, using another student's work, and any other form of academic misrepresentation.

The first tenet of the Carolinian Creed is, "I will practice personal and academic integrity."

### **Plagiarism**

Using the words or ideas of another as if they were one's own is a serious form of academic dishonesty. If another person's complete sentence, syntax, key words, or the specific or unique ideas and information are used, one must give that person credit through proper citation.

**Class Conduct/Netiquette**

Professionalism will be expected at all times, but most especially with your interactions online. Because the university classroom is a place designed for the free exchange of ideas, we must show respect for one another in all circumstances. We will show respect for one another by exhibiting patience and courtesy in our exchanges. Appropriate language and restraint from verbal attacks upon those whose perspectives differ from your own is a minimum requirement. Courtesy and kindness is the norm for those who participate in my class.

Our discussion board is a way for you to share your ideas and learning with your colleagues in this class. We do this as colleagues in learning, and the Discussion Board is meant to be a safe and respectful environment for us to conduct these discussions.

Some Netiquette Rules:

- Treat one another with respect. It will be expected that we will not attack one another personally for holding different opinions.
- Do not use all CAPITAL LETTERS in emails or discussion board postings. This is considered "shouting" and is seen as impolite or aggressive.
- Begin emails with a proper salutation (Examples: Dr. Name; Ms. Name; Hello Professor Name; Good afternoon Mr. Name). Starting an email without a salutation or a simple "Hey" is not appropriate.
- When sending an email, please include a detailed subject line. Additionally, make sure you reference the course number (Ex. HRTM 285) in the message and sign the mail with your name.
- Use proper grammar, spelling, punctuation, and capitalization. Text messaging language is not acceptable.
- Use good taste when communicating. Profanity should be avoided.
- Re-Read, think, and edit your message before you click "Send/Submit/Post."

Please remember when posting to be respectful and courteous to your colleagues, and limit your posts to discussions of this course and its assignments.

**Late Work/Make-up Policy**

No late work will be accepted unless there are extreme extenuating circumstances (e.g. you are hospitalized). Failure to have access to a computer will NOT be considered an extreme extenuating circumstance. If you will be traveling or have an already scheduled appointment, it is up to YOU to work ahead so that you can submit your work by the due date on the course calendar.

Please plan accordingly, and complete these assignments in advance of their deadlines to ensure any unanticipated circumstances do not result in a missed assignment. User error and poor planning does not qualify you for any kind of makeup or retake opportunity.

If you are concerned about missing a deadline, you may want to do any of the following:

- Post your assignment the day before the deadline; or
- Begin quizzes and exams as soon as they are made available online.

**BE CAREFUL:** The clock on your computer may be different than the clock in Blackboard. If the clock is different by one second, you will be locked out of the assignment, quiz, or exam. Plan accordingly. I recommend that you submit your assignments, quizzes, and exams well before the 11:59 pm (Eastern Standard Time) deadline.

### **Incomplete Grades**

Incompletes will be granted only in accordance with university policy.

### **Instructional Methods**

The course will be taught using multiple instructional methods. These methods will include lecture videos, YouTube videos and PowerPoint presentations with an associated critical discussion.

### **Diversity and Inclusion**

The university is committed to a campus environment that is inclusive, safe, and respectful for all persons, and one that fully embraces the Carolinian Creed. To that end, all course activities will be conducted in an atmosphere of friendly participation and interaction among colleagues, recognizing and appreciating the unique experiences, background, and point of view each student brings. You are expected at all times to apply the highest academic standards to this course and to treat others with dignity and respect.

### **Accessibility, Disability, and Triggers**

I am committed to ensuring course accessibility for all students. If you have a documented disability and expect reasonable accommodation to complete course requirements, *please notify me at least one week before accommodation is needed.*

### **Student Well-Being**

Any student who has difficulty affording groceries or accessing sufficient food to eat every day, or who lacks a safe and stable place to live and believes this may affect their performance in the course, is urged to contact the [Division of Student Affairs and Academic Support](#). If you are comfortable doing so, please notify me as the professor so that we can find resources that may be helpful.

Students may experience situations or challenges that can interfere with learning and interpersonal functioning including stress, anxiety, depression, substance use, concern for a family/friend, or feelings of hopelessness. Pay attention to what is happening in the classroom and in the lives of your fellow students. There are

numerous campus resources available to students including University Counseling and Psychiatry Services and University Student health Services. Help is available 24/7. Students who need immediate help should call (803-777-5223). An outside resource is the National Suicide Prevention Lifeline (800-273-8255).

### **Diversity, Ethics, and the Carolinian Creed**

This course works to foster a climate free of harassment and discrimination, and it values the contributions of all forms of **diversity**. The decision to enter university and pursue advanced study is a choice that entails commitment to personal **ethics** expressed in the **Carolinian Creed** ([www.sa.sc.edu/creed](http://www.sa.sc.edu/creed)): “I will discourage bigotry, while striving to learn from differences in people, ideas and opinions.” Likewise, the Student Code of Conduct (**STAF 6.26** (<http://www.sc.edu/policies/ppm/staf626.pdf>)) stresses, “The University of South Carolina strives to maintain an educational community that fosters the development of students who are ethical, civil and responsible persons.”

### **Title IX and Gendered Pronouns**

This course affirms equality and respect for all gendered identities and expressions. Please don't hesitate to correct me regarding your preferred gender pronoun and/or name if different from what is indicated on the official class roster. Likewise, I am committed to nurturing an environment free from discrimination and harassment. Consistent with Title IX policy, please be aware that I as a responsible employee am obligated to report information that you provide to me about a situation involving sexual harassment or assault.

### **Values**

Two core values, inquiry and civility, govern our class. Inquiry demands that we all cultivate an open forum for exchange and substantiation of ideas. Strive to be creative, to take risks, and to challenge our conventional wisdom when you see the opportunity. Civility supports our inquiry by demanding ultimate respect for the voice, rights, and safety of others. Threatening or disruptive conduct may result in course and/or university dismissal. Civility also presumes basic *courtesy*: please be well rested, on time, and prepared for class, which includes time for a restroom stop *before* (not during) class and silencing all personal devices.

My perspective is that we never cease being students of this world, so I believe that attentive, reflective people always have something to learn from others. Good discussions can be energetic and passionate but are neither abusive nor offensive. Vibrant, vigorous inquiry derives from discussions that:

- challenge, defend, and apply different ideas, theories, perspectives, and skills,
- extend a body of knowledge into different arenas and applications, and result in a synergy that compels us to seek resolution to these discussions.

**Expectations of the Instructor**

I am expected to facilitate learning, answer questions appropriately, be fair and objective in grading, provide timely and useful feedback on assignments and treat you as I would like to be treated.

**Copyright/Fair Use Statement**

I will cite and/or reference any materials that I use in this course that I do not create. You, as students, are expected to not distribute any of these materials, resources, quizzes, tests, homework assignments, etc. (whether graded or ungraded).

**Disclaimer**

The instructor reserves the right to make changes in the course syllabus, course calendar, lecture topics, and test dates with appropriate prior notification to students.
