

Academic Programs Proposal System (APPS) Reviewing and Commenting on Proposals

Courses:

For courses, committee review members will need to login to <https://usbulletins-next.sc.edu/courseadmin/>. Reviewers can use the course search feature to locate the proposal to be reviewed. Reviewers may search by course prefix and number or can click on “workflow” to sort proposals by workflow step and then scroll down to the respective committee.

Course Inventory Management Help

Search, edit, add, and inactivate courses.

Use an asterisk (*) in the search box as a wild card. For example, MATH* will find everything that starts with “MATH”, *MATH everything that ends with “MATH”, and *MATH* everything that contains “MATH”. The system searches the Course Code, Title, Workflow step and CIM Status.

Quick Searches provides a list of predefined search categories to use.
