Communicating in an Emergency

The university’s communications response to an emergency will depend upon the level and type of emergency, as well as the circumstances of the emergency. The Student Affairs Technology Services (SATS) Department is responsible for supporting the technology needs of the Division. This includes support for workstations, web sites, various applications, resource accounts, and server hardware. Some departments within the Division have Service Level Agreements (SLA) with University Technology Services (UTS) for support of workstations, websites, and/or servers. Your manager will let you know who supports your department, SATS or UTS.

The SATS web page may be accessed via the division homepage by selecting “Toolbox” and then “Technology Services.”

The SATS page contains links to our computing guidelines and policies, frequently asked questions (FAQ) related to your network account and email, and our SATS Support Ticket System used to submit service requests.
Service Requests
You may submit a request for service via phone, email or the Ticket System.

Submission of a ticket is the preferred method to ensure a record of your request is recorded.

To submit a ticket, from the SATS web page you will be presented with the login page. Log in using your network account and password.

Once logged in, you may create a new support ticket or equipment reservation. You may also view your previous tickets and reservations. The “New Ticket” is the most commonly used option. Laptops and projectors may be reserved for temporary use with a “Reservation” request (official use only).

New Support Ticket
Create a new support ticket by selecting the “NEW TICKET” button at the top of the page. Select a Category from the drop down list and enter a description of the issue. Be as detailed as possible and include the ID listed on the yellow tape on your computer (CODSAS...). If urgent, you may select a higher priority. Please review the priority description to determine the correct level for your request. Most tickets require a Normal priority. Select “CREATE TICKET” at the bottom of the screen to submit the request.

NOTE: Rolling your mouse over the PC icon at the top of the page will display a link to our email address. Selecting the link will open a new email addressed to SATS (sats@mailbox.sc.edu).

Rolling your mouse over the phone icon at the top of the page will display our phone number (803-777-9999).
