Peer Consultant Program

The Student Success Center offers study skills support for undergraduate students through one-on-one Success Consultations. Success Consultants meet with students to set goals, explore study and time management strategies, create action plans and make referrals to campus resources.

Peer Success Consultations are held by appointment; all meetings are held in a one-on-one setting in the Student Success Center. Peer Consultants will meet with students individually and discuss academic success strategies such as time management, goal setting, study strategies, etc. Peer Consultants will focus on the learning process and its various components (rather than course specific content). During their meetings, Peer Consultants will utilize SSC resources and training to co-create a personalized plan for academic success with students. These meetings will facilitate the discovery of positive academic decision-making habits and skill development for the student to then employ on their own.

Employment Opportunities

- Fall 2017 Peer Consultant Employment Dates: August 22 – December 20
- Spring 2018 Peer Consultant Employment Dates: January 11 – May 11

Requirements/Qualifications
