

Office of Undergraduate Research

UNIVERSITY OF SOUTH CAROLINA

2023-2024 OUR PROGRAM CHANGES

For the 2023-2024 academic year, the Office of Undergraduate Research made a few changes to some of our programs, which are summarized below. Please refer to our website (sc.edu/our) for full program guidelines and additional details.

MAGELLAN SCHOLAR AWARD

- Competitive research grant
- Minimum institutional GPA is now a 3.200
- Maximum grant amount is \$2,500

MAGELLAN VOYAGER AWARD

- Grant to support conference presentations
- Accepting applications during four award cycles (no longer a rolling deadline)
- First award cycle is August 15-21, 2023 for travel dates from October 1, 2023 to December 31, 2023.
- View additional updates on the website.

MAGELLAN JOURNEY AWARD

- Research grant to support undergraduates within their first or second year at USC-Columbia
- Students with no (or limited) research experience from all disciplines are encouraged to apply.
- Preference is given to applicants without other funding options and that are underrepresented in research.

DISCOVER USC

- Annual student showcase event
- These changes are being made to accommodate a significant increase in the number of undergraduate presenters:
 - All presentations will be poster format
 - Maximum of two presenters per poster
 - Students are allowed to present a maximum of two posters each year
 - We ask that Discover USC presentations not be included as a course requirement (UNIV 401 is the only exception to this request)
