TO BE COMPLETED BY ADVISOR:

The student has requested financial aid for this semester but is approaching the maximum Attempted Hours for which financial aid may be received. As such, we must confirm the remaining courses the student is required to take to complete the degree. Please list below all courses the student is still required to take to meet the degree requirements for the degree program the student is currently enrolled in for this university. Do not list any additional elective courses not required, and do not list courses that will meet degree requirements for a degree not awarded by this university (even if the student intends to transfer into that program after leaving this university). You may provide a general category, if the student has not yet selected the specific course to that requirement (example: Any AIU course, 3 credit hours). If you have questions, please contact the Financial Aid Office.

If the student's remaining courses will exceed the Maximum Timeframe for their current degree program, the student must file a Satisfactory Academic Progress Appeal to qualify for Financial Aid. The student is limited by the degree they are currently enrolled. The maximum Attempted Hours for an Associate's Degree is 90 and for a Bachelor's Degree is 180.
