

Curriculum Vitae

Education

August 2016 -Present University of South Carolina, Columbia, South Carolina

- Enrolled in PhD program, Department of Anthropology
 - Emphasis in historical archaeology

May 2016 University of South Carolina, Columbia, South Carolina

- MA, Anthropology

May 2006 University of Florida, Gainesville, Florida

- BA, Anthropology with honors
- BS, Psychology with honors

Specialties

- Historic Archaeology
 - Ceramic analysis
 - Iron conservation/electrolysis
 - Undergoing faunal analysis training

Training

January-April 2017

- Undertook independent study of GIS for the social sciences with Dr. Guo, University of South Carolina, Department of Geography.

January-April 2017

- Re-established University of South Carolina, Department of Anthropology's comparative faunal collection.

March 2016

- Organized and attended Artifact Photography Workshop featuring Karen Price, University of New Mexico Anthropology Museum

January 2015-January 2018

- Certified in Collaborative Institutional Training Initiative (CITI), Human Subject Research and Responsible Conduct

August 2014-Present

- Completed Preparing Future Faculty program at the University of South Carolina

May 2014-August 2014

- Entered Digital Archaeological Archive of Comparative Slavery (DAACS) Research Consortium

February 2011

- Completed Cemetery Resource Protection Training, Green Cove Springs, Florida

Archaeology Experience

February 2017 Field Technician, New South Associates, Inc.

- Assisted Archaeologists Natalie Adams-Pope and Tracy Martin with South Carolina Department of Transportation Road Expansion and Intersection Renewal projects in Richland County, South Carolina and Colleton County, South Carolina.

October 2016 Field Technician, New South Associates, Inc.

- Assisted Archaeologist Rebecca Shepherd with phase I shovel testing and pedestrian survey for a Georgia Department of Transportation project in Augusta, Georgia

July 2016 Field Technician, New South Associates, Inc.

- Assisted Archaeologist Rebecca Shepherd with pedestrian survey and phase I shovel testing for Department of Transportation project in Winnsboro, South Carolina

May 2016-July 2016 Field Technician, Applied Research Division, South Carolina Institute of Archaeology and Anthropology/University of South Carolina

- Assisted Archaeologist Karen Smith with phase III data recovery/mitigation of archaic shell midden Spanish Mount, Edisto, South Carolina

May 2016 Field Technician, New South Associates, Inc.

- Assisted Company Executive Vice President and Principal Investigator Natalie Adams Pope, RPA with pedestrian survey and phase I shovel testing of solar farm in Pelion, South Carolina

January 2016-May 2016 Volunteer, Department of Natural Resources, South Carolina

- Collaborated with Archaeologists Meg Galliard and Sean Taylor on salvage project for artifact collections affected by 2015 flooding disaster
- Excavated unit and taught public about archaeological research and practices at Johannes Kolb Archaeology and Education Project, Great Pee Dee River Heritage Preserve

May 2014-Present Research Assistant, South Carolina Institute of Archaeology and Anthropology/University of South Carolina

- Analyzed material assemblages and entered data into the DAACS meta data internet based interface for scholarly collaboration and public consumption based on DAACS protocols and methodology:
 - Silver Bluff Trading Post/Plantation (excavated 2009 by Tammy Herron, Savannah River Archaeological Research Program)
 - Fort Frederick/Smith Plantation (excavated 2014-2015 by Karen Smith)
 - Cannon's Point Trench Expansion (excavated by Karen Smith 2015)
 - Fort Jackson and McCrady Air Force Base (excavated 2016-2017 by Karen Smith)
- Conducted historical and topographical research on Revolutionary War ambush site Parker's Ferry for Director Steve Smith and Archaeologist Jim Legg
- Assisted Archaeologist Karen Smith with Hobcaw Barony/Baruche House phase I Survey
- Jason Moser with National Registry eligibility determination for South Carolina National Guard Armories
- Facilitated ongoing Fort Motte research, artifact conservation, collection reintegration, and publication preparation with Director Steve Smith and Archaeologist Jim Legg
- Assisted Archaeologist Chester DePratter with archival research on Civil War Prisoner of War Camp Asylum
- Assisted Archaeologist Charles Cobb in association with the DAACS Research Consortium

December 2015 Field Technician, New South Associates, Inc.

- Participated in phase I archaeological survey for Bolivar, Tennessee bypass addendum

May 2015 Field Technician, Edwards-Pitman Environmental, Inc.

- Assisted Archaeologist Ryan Sipe on phase I archaeological survey for I-26 and I-20 interchange reconfiguration in Columbia, South Carolina
- Assisted Archaeologist Ryan Sipe on phase I archaeological survey for I-85 interchange reconfiguration in Gaffney, South Carolina

January 2014-August 2014 Field and Lab Technician, South Carolina Institute of Archaeology and Anthropology

- Assisted Archaeologist Chester DePratter in Civil War Prisoner Camp Asylum excavation
- Maintained field note books and paperwork
- Led lab work, cataloging, and analysis of artifacts collected at Camp Asylum

September 2013-November 2013 Field Technician, New South Associates, Inc.

- Participated in phase I archaeological survey for Army base expansion in Fort Polk, Louisiana
 - Dug and documented shovel test pits
 - Delineated positive test pits in order to identify archaeological sites

July 2013-September 2013 Field Technician, Flagler College

- Provided archaeological support during construction project at 19th Century site in historic district, St. Augustine, Florida
 - Excavated and documented pre-construction exploratory trenches
 - Monitored ground penetrating construction activities

March 2013-May 2013 Field and Lab Technician, University of Florida, Florida Museum of Natural History

- Assisted archaeologist Dr. Kathleen Deagan with excavation at the Fountain of Youth Archaeological Park, St. Augustine, Florida
 - Established and excavated units in area of Timucuan village and 16th Century Spanish settlement
 - Preliminary artifact analysis, cataloging and preservation

February 2013 Field Technician, Archaeological Consultants, Inc.

- Assisted archaeologists Chris Newman and Justin Winkler for Barron Collier Company with excavation at Winding Cypress, Collier County, Florida
 - Performed shovel tests and excavated units in oak hammock, pine scrub and marshland to determine development suitability

October 2012-November 2012 Field Technician, Archaeological Consultants, Inc.

- Assisted archaeologist Chris Newman with excavation at Colonial Quarter, St. Augustine, Florida
 - Performed shovel tests and excavated units
 - Analyzed over thirteen thousand 17th-20th century artifacts

May 2012 Flagler College Archaeological Field School

- Archaeological excavation under Dr. William Locascio
 - Excavated late colonial household site circa 1800-1840 in St. Augustine, Florida's Minorcan quarter
 - Served as excavation team leader
 - Artifact analysis, cataloguing

June 2012-October 2013 Volunteer, Florida Public Archaeology Network, Northeast Region

- Assisted with summer 2013 nationwide reading program, Dig into reading! at multiple regional library branches
- Aided in test unit excavation with Dr. Jon Endonino at Tomoka State Park
- Completed shovel tests in public outreach event at Sunny Point, Palatka
- Aided Toni Wallace in identifying possible Timucuan mound in New Smyrna Beach

January 2012-October 2013 Volunteer, city of St. Augustine, Florida

- Assisted city archaeologist, Carl Halbirt, in the excavation of archaeological sites and laboratory analysis
- Field Work
 - Prehistoric Timucuan site near St. Augustine marsh area
 - 18th Century Native American mission community of La Punta
 - Historic St. Augustine National Cemetery
 - 17th-19th Century archaeological deposits in colonial downtown
 - Phase I survey at Florida School for the Deaf & the Blind
 - Monitored ground-penetrating construction activities in locations known to contain archaeological deposits

January 2012-October 2013 Volunteer, city of St. Augustine, Florida

- Lab Work
 - Analyzed and cataloged artifact assemblages from 16th to 19th century St. Augustine excavation sites
 - Reconstructed ceramic vessels from 16th century site for display
 - Identified faunal elements for city's zoological comparative collection

June 2011-January 2012 Volunteer, Central Florida Anthropological Society

- Provided University of Florida doctoral candidate Jason Wenzel with assistance in archaeological excavations and laboratory analysis
 - Set transects, performed shovel tests, and excavated units at 20th century historic Hartsfield House, Oakland
