Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students coming into the program with Master's degrees can petition the program for a full or partial course waiver. For each course requested for potential waiver, students need to submit the syllabus and other appropriate documentation of knowledge (e.g., papers) to the current instructor of the course. The instructor meets with the student to make a determination of whether the student has a minimum level of achievement for relevant Discipline Specific Knowledge and Profession Wide Competencies. For partial waiver decisions, assignments are made to the student (e.g., reading assignments and quiz for focused content area). If these requirements are met, the waiver is granted. The program director reviews and signs off on documentation of competencies and waiver requirements.
