Dr. Eric Hung

ASIAN AMERICAN COMMUNITY MUSIC MAKING WITH ERIC HUNG

South Carolina is home to many diverse Asian American communities. At this event, members of some of these communities will share how they use music and dance to preserve ancestral cultures, adapt to life in the United States, perform their senses of belonging and citizenship, and create space in local music ecosystems. Our lineup features Chiara Cox, Xiaomin and Laura Li, Diaspoura, Gamecock Bhangra, Kosmic Dance Club, and students from the USC School of Music.

The event will be emceed by the founding director of the Music of Asian America Research Center, Eric Hung. Dr. Hung is dedicated to teaching Asian American history and experience through music.
