SCHC Thesis Director Contract

This form must be completed by the Thesis Director and NOT by the student. Upon completion, this form should be uploaded by the student to the SCHC website using the Thesis Director Contract Submission page.

By committing to serve as a Thesis Director, you agree to:

- Refer to the SCHC Thesis Guide to assist the student in researching and writing senior thesis and meeting SCHC deadlines.
- Communicate and meet with the student on a regular basis.
- Work with the student to establish shared expectations and an appropriate timeline for completion of thesis research and writing.
- Serve as instructor of record for SCHC 499 with responsibility for issuing a letter grade in both the fall and spring semesters (typically 1 credit hour in the fall and 2 credit hours in the spring), based on thesis research, writing, and defense.
- Ensure the thesis complies with all University of South Carolina and Office of Research Compliance policies and regulations (see below).

IRB Policy for Undergraduate Research:
IRB review is no longer required under UofSC’s policy for undergraduate research. Faculty who advise undergraduates involved in a research experience are responsible for ensuring that students understand and abide by ethical obligations in carrying out their projects. The IRB recommends that, at a minimum, students complete the training modules available through CITI. Additionally, instructors are responsible for reviewing student projects to ensure that the methods and procedures are ethical and appropriate. This includes monitoring student activities during the conduct of the project to ensure that the rights and welfare of participants are adequately protected.
