Turning Point Quick Start

Turning Point application is uploaded to the faculty virtual desk; you do not need to install it.

1. Login to your virtual desk.

2. Select the Start button; select the folder “Turning Technologies, LLC”. Click once to open it. It will open a sub folder “TurningPoint” and Turning point application. Select TurningPoint application.

3. From TurningPoint dashboard, select the first column, PowerPoint Polling. (It entwine with PowerPoint; so it will open PowerPoint with TurningPoint ribbon)
How to Create a Question Slide:

1. Select TurningPoint ribbon

2. You will see Turningpoint menu

3. Select Add New

4. From the dropdown menu, select the type of question you want. For this example, select Multiple Choice

5. TurningPoint will generate the question slide for you.

6. Select the upper text box and type your question
7. Select the other text box and type your answers

8. You can add as many answers as you want. When finish click anywhere outside the textbox to update the graphic par that will show the results at the end.

9. In the Slide Preferences panel, change the Answer Value to correct for the correct choice. Change the rest of the answers to incorrect. Select “Multiple Responses” if you have more than one correct answer.

10. When you are in Slide Shaw mode, you will see TurningPoint menu at the top of your screen.
