Policy Statement

Leave of Absence
For a variety of reasons, (including academic difficulty, academic enrichment, or personal), it may become necessary for a student to request a leave of absence from his/her medical education. It is appropriate under such circumstances that the student presents all available information and details of the situation to the Office for Student Affairs. For record-keeping purposes, the student should fill out this Request to Change Student Enrollment Status form to make a Leave of Absence request. The Associate Dean for Student Affairs and Admissions will review the request and make a decision on the approval of the request. Approved requests will be forwarded to the Associate Dean for Curriculum, the Senior Associate Dean for Academic Affairs, and the Manager of Financial Aid and Registration.

During the course of a student’s medical education it may become necessary for the student to be placed on a Leave of Absence. The reasons for this may include academic difficulty, academic enrichment, or personal. Any student who is unsuccessful on a first or second attempt at Step 1 of the United States Medical Licensing Examination (USMLE) will be placed on a leave of absence in accordance with the policies and procedures for promotion and graduation. In accordance with Student Evaluation and Promotion Committee (SEPC) or Honor...
and Professionalism Committee (HPC) recommendations, a student may be placed on a leave of absence for academic or professionalism concerns.

A student who leaves the school in good academic standing and returns will not be considered as repeating the module or semester or year. A student who leaves the school not in good academic standing and returns will be considered as repeating the semester or year. Any student granted a leave of absence is assigned a grade of W in all courses or clerkships in which he or she was enrolled. In that a leave of absence relieves the student of usual academic responsibilities in the UofSC School of Medicine Greenville, a leave of absence may be granted with stated conditions, stipulations, and/or contingencies that are in the best interest of the student.

**Withdrawal**

Occasionally a student may decide to withdraw from the UofSC School of Medicine Greenville without an approved leave of absence. All withdrawals will be made in accordance with UofSC policies if the student is to receive a tuition refund and have the proper grades recorded on the transcript. UofSC School of Medicine Greenville uses the UofSC schedule for refunds for any student who is dismissed or who withdraws from courses. A student who withdraws from the UofSC School of Medicine Greenville and subsequently wishes to return to school must reapply to the school as a new applicant.

**Procedures**

After the meeting, the student must provide a written request using Request to Change Student Enrollment Status including a brief reason for the request to the Associate Dean for Student Affairs and Admissions. The student should also provide an estimated return date.
   b. The Associate Dean for Student Affairs and Admissions may confer with the Associate Dean for Curriculum/Senior Associate Dean for Academic Affairs about the leave request, and the Associate Dean for Student Affairs and Admissions will make a decision on the approval, including information on the student’s current academic standing, and a recommendation regarding the length of the student’s leave.
   c. The student will receive a letter informing them of the Associate Dean for Student Affairs and Admissions’ decision with details of the approved leave. A copy of this letter will be added to the student file. Approved requests will be forwarded to the Associate Dean for Curriculum, the Senior Associate Dean for Academic Affairs, and the Manager of Financial Aid and Registration.

2. **Length of a Leave of Absence:**

At this meeting, the student may submit statements and/or professional opinions that the student believes will support that he/she is prepared to resume full-time student status. The Associate Deans will review the information presented by the student and make a determination of the student’s readiness to return.
