LCME Standards
N/A

Scope
University of South Carolina (UofSC) School of Medicine Greenville faculty, staff, and students

Policy Statement
Support the use of service animals while also recognizing the health and safety risks created by unrestrained animals on campus.

Reason for Policy
To provide guidelines for bringing pets onto the UofSC School of Medicine Greenville campus

Procedures
Service animals are permitted on UofSC School of Medicine Greenville campus grounds and within the UofSC School of Medicine Greenville building if they are provided to an individual with a documented disability. This practice follows the GHS Service Animal Policy and regulations set forth by the American with Disabilities Act Amendments Act (ADAAA).

Emotional Support Animals (ESA) may also be permitted when an ESA letter written by a Licensed Mental Health Professional is provided. The ESA letter must be reviewed by a supervisor (Office of Student Affairs for students) and Facilities Manager prior to approval.

All other animals are allowed on exterior grounds but not within the buildings or food establishments. All animals must be leashed, licensed and under the complete control of their owners or handlers at all times. Animals may not
be tied or left unattended at any time. Owners and handlers are responsible for the removal and disposal of all excrement deposited by their animals.

For clarity, the UofSC School of Medicine Greenville grounds are defined as all walkways, green spaces, roadways and parking areas surrounding the UofSC School of Medicine Greenville building.

Licensing requirements can be found at the following: https://www.greenvillesc.gov/541/Animal-Control.

The UofSC School of Medicine Greenville Facilities team will take responsibility to protect or remove the animals in a situation where they may be in or pose imminent danger. Individuals may speak with the Facilities Manager for clarification or questions

**Sanctions**
Failure to comply may result in disciplinary actions.

**Contacts**
Executive Director, Business Operations and Finance
Facilities Manager
