Schedule a Meeting

You can schedule a Webex meeting using either the Advanced Scheduler or the Quick Scheduler. Use the Advanced Scheduler when you need to set specific meeting options, such as registration. Use the Quick Scheduler when you only need basic scheduling options or want to meet on short notice.

Sign in to your Webex site and select **Webex Meetings**. On the left navigation bar, go to **Host a Meeting > Schedule a Meeting**. Fill in the necessary meeting information.

Start a Meeting

At the scheduled meeting time, sign in to your Webex site. From the home page, in the Upcoming Meetings tile, locate your meeting. Select **Start**.

If you don't see your meeting in the tile, you can select **View all meetings** to see more scheduled meetings.

Record a Meeting

Your meetings are important. If your whole team can't be there, or if you want to remember what was said, record your meeting to share later. The recording includes the audio, video, and presentation.

While in your event, select **Recorder**

and **Record** to record right away. You and your participants see a red icon at the

top right of your window when recording is in process.

When the meeting ends, you can find your recording on the My Recorded Meetings page of your Webex site in Modern View.

Start Your Video

When you join a meeting, your video is off by default. If you'd like others to see you, select **Start my video**  to start your webcam. The button turns blue when your video is on.

 If you don't want people to hear you, select **Mute** .

Change your mind and don't want to be on video? Select **Stop my video** . The button turns gray when your video is off.

Connect to Audio

To connect to the audio during a Webex meeting, you can use your phone, computer, or a video device.

Select **Connect to audio using computer**

or under the button select **More Options**, and choose a different audio connection.

Connect Audio

When you join a meeting, the Audio and Video Connection dialog box appears. If you don't choose an audio connection at the start of your meeting, you can select **Connect audio and video**

to go back to the Audio and Video Connection dialog box.

To connect your audio during a Webex meeting, you can use your phone, computer, or a video device.

During a meeting, you can stop or start your audio connection at any time. From the meeting control panel, you can select

Mute

and **Unmute**

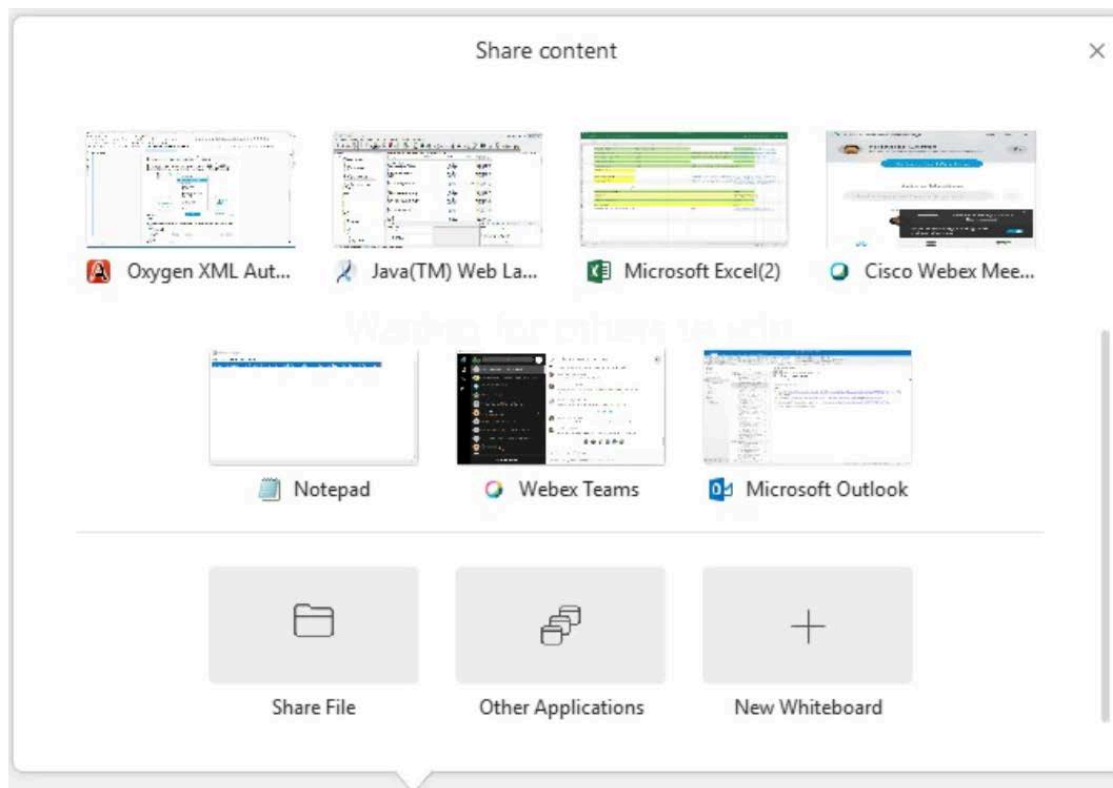

to turn your audio on or off.

Share Content

To share content during a meeting, from the meeting control panel, select **Share content**

Go to the **Share** menu for more sharing options.

OVERVIEW

Change your **Video Layout** to control where you view video participants and panels on your screen.

Choose **Floating Panel View** to position any panel where you want it – even on a second monitor.

Meeting controls hide when you're not using them and then re-appear when you move your cursor.

Access the **Meeting Info** to get details about the meeting.
