ACCELERATED PROGRAM

UNIVERSITY OF SOUTH CAROLINA
Darla Moore School of Business
WHY ACCELERATE

The Accelerated program allows you to “double count” up to four classes for undergraduate and graduate credit. This allows you to save time and money while completing your undergraduate and graduate accounting degrees.

There are many advantages that come with choosing to enroll in the Accelerated program. You can:

- Receive a waiver on the GMAT requirement
- Finish the MACC program in less time
- Save up to $6,336 in tuition
- Leverage your current undergraduate scholarships to pay for Accelerated courses
- Meet CPA license education requirements by earning a graduate degree in the same amount of time it takes to double major
- Enjoy a reduced schedule during your time in the MACC program, which will allow you to complete the CPA Exam by graduation

Did you know it’s possible to finish both degrees in four years?

I'M READY HOW DO I APPLY?

Reminder, you are NOT automatically enrolled in the Accelerated program. The following steps must be completed to participate:

**STEP 1**
Prepare your application materials and list of requirements, including:

1. Your current resume
2. A statement of purpose
3. Two letters of recommendation
4. Selecting your application term (i.e., the term in which you will start the MACC program)

</table>

**STEP 2**
Go to moore.sc.edu/apply to apply online

**STEP 3**
Interview

**STEP 4**
Be accepted

**STEP 5**
Confirm your enrollment by paying your confirmation fee

**ADDED PERKS:** Since you already attend UofSC, you will not need to include an official transcript with your application. You also won’t need to fill out the GMAT section of your application, as students in the Accelerated program qualify for the GMAT waiver.

**REMINDER:** You’re still considered an undergraduate student until you graduate. You will officially become a MACC student upon receipt of your diploma.

**APPLICATION DEADLINES**

You need to complete the application steps above before you can “double count” classes and apply them towards the Accelerated program. Upcoming deadlines include:
