

## **Lesson/Class Recording Consent Form**

Performances or lessons may be videotaped, recorded or photographed for promotional purposes, learning purposes or for the instructor's educational certification needs. It is helpful for each beginning student's embouchure and playing stance to be photographed for instructor training and certification purposes, and to provide a reference for the parents to see if their children are positioned correctly for playing the flute. Please read over the terms below and either decline or accept the statements by providing your signature.

### **Performances**

I will allow my child to be videotaped during performances \_\_\_\_\_

I will allow my child to be photographed during performances \_\_\_\_\_

I will allow my child to be audiotaped during performances \_\_\_\_\_

### **Lessons/Classes**
