

Carolina Feature Twirlers FAQ

What skills should I show in my video?

Feature twirlers are expected to do three or more turns, spin illusions and toss illusions in pregame. We look for advanced twirlers who are comfortable doing double illusions, three or more turns (horizontal & vertical), leap series, and horizontal and vertical roll series. We also look for advanced 2 & 3 baton skills. Although gymnastics is not required, it is highly suggested. Toss cartwheels/walkovers are both highly suggested.

What about costumes?

The Feature Twirlers wear matching costumes for pregame and their own costumes for halftime. Each twirler is responsible for the design of their costume, pending approval from the band director.

When do the Twirlers practice?

The Twirlers follow the same schedule as the Carolina Band. We have practice Tuesday-Friday and on gamedays.

Do I need to compete while at the University of South Carolina?

We encourage our twirlers to continue competing on a state, regional, and national level to represent the University of South Carolina while being the Feature Twirler. However, we also recognize that college students' primary focus should be academics.
