Accessing your voicemail online

To access your voicemail online you will need to use Internet Explorer.

In your address bar enter myvoicemail.uts.sc.edu

You will be prompted for your mailbox and password to log in. Your mailbox is your five digit university extension (7-xxxx) or (6-xxxx). Your password is the same password used to access your voicemails on your phone.

If you are unsure what your voicemail password is, it can be reset. Please call the Service Desk at 803-777-1800. While there is no charge to update your voicemail password, you will need to provide your department and fund codes (Legacy codes) to submit a request to Telephony.
