From the Dean’s Desk

Shortly after we flipped our calendars to 2020, I read an article that challenged me to identify my “word of the year” to help guide the next twelve months. Interesting concept, I thought, so I gave it a try. A few initial attempts and crossed-out words later, I found my word. That word is connection.

Connection with family. Connection with friends. Connection with our pharmacy alumni. I hope you find our new monthly e-newsletter to be timely, informative and supportive of the college’s deep interest in staying well connected with you.

Dean Stephen J. Cutler
College of Pharmacy

Partnership with Neptec Viostin Recognition for UofSC Pharmacy Students
For his significant contributions to Neptec Viostin, six students were selected to present their research findings at the 2020 American Society for Pharmacology and Experimental Therapeutics meeting.
