Did you know – Clinical Associate Professor Julie Ann Justo is the only pharmacist in the nation invited to serve on the U.S. Department of Health and Human Services Remdesivir Consultative Committee? In recognition of her accomplishments, Justo was presented with the UofSC Presidential Coin of Excellence. Read the story here

From the Dean’s Desk

Given the recent unimaginable challenges, have you noticed how refreshing it is to receive good news? In that spirit, I am delighted to share that The Fullerton Foundation, based in Gaffney, S.C., recently announced a COVID-19 Rapid Response Grant Award supporting the creation of the S.C. COVID-19 Statewide Patient Outcomes Registry led by Associate Professor and Director of Residency and Fellowship Training P. Brandon Bookstaver (2004 Pharm.D.). The registry will collect and provide important data for use by clinicians, regulatory agencies and scholars. Congratulations UofSC College of Pharmacy and the entire College!

Dean Stephen J. Cutler
