

A Legacy to Help Others – Alumnus George Sample graduated from the UofSC College of Pharmacy in 1952 and served his community for sixty years as a pharmacist, but his legacy of helping others extends far beyond his work. [Read more...](#)

From the Dean's Desk

Happy American Pharmacists Month!

Our team continues to work diligently in its testing efforts to minimize the spread of COVID-19. It has been our hope that the Saliva Assay Free Expedited (SAFE) testing developed by the UofSC College of Pharmacy could be made available for use in our communities. We are pleased to announce that we will expand the testing to other colleges and universities across the state, thanks to a new [\\$16.7 million grant from the state of South Carolina](#).

Through the grant, more schools in South Carolina will be able to offer the test beginning in the spring. As the state's flagship research university, we are dedicated to serving all South Carolinians. Community service is part of our mission, and this expansion will allow us to do this in a meaningful and timely way.

Dean Stephen J. Cutler
College of Pharmacy

College of Pharmacy Expands DEI Initiatives

As part of the Diversity, Equity & Inclusion initiative, student organizations are stepping up to organize lectures, workshops, and activities that will help them better serve their communities.
