

Laptop Requirements

These requirements are necessary for computer based testing, research, in-class access of electronic course materials and for the viewing of lecture recordings. During fall orientation P1 students will be assisted in setting up their computers with access on the University wireless networks.

	Hardware	
	PC	MAC
<i>Processor</i>	Intel i3, i5, i7 (i5 or higher recommended) or AMD equivalent	Intel i5 or Higher
<i>Memory</i>	4 GB or more (8 GB recommended)	4-8 GB or more (RAM cannot be upgraded after purchase)
<i>Hard Drive</i>	300 GB or greater	256 GB or greater
<i>Wireless</i>	Wi-Fi (802.11 G/N/AC)	Wi-Fi (802.11 G/N/AC)
<i>Wired Card*</i>	100/1000 Mbps Ethernet Port or USB Ethernet Adapter	USB Ethernet Adapter
<i>Network Cable</i>	3' or 5' Patch/Ethernet Cord	3' or 5' Patch/Ethernet Cord

* The College of Pharmacy administers computer based testing through Blackboard using Respondus Lockdown browser. Online testing requires a continuous, uninterrupted connection and thus students are required to use a **WIRED** connection during exams.

	Software	
	PC	MAC
<i>Operating System</i>	Windows 10 -Recommended: Professional Edition) -Not Recommended: Windows RT	OS 10.9 or Higher
