Angela Murphy, PhD

Assistant Professor, USC-School of Medicine

Dr. Angela Murphy received her Ph.D. from the Department of Exercise Science in the School of Public Health at the University of South Carolina. She is currently an Assistant Professor in the Department of Pathology, Microbiology and Immunology at the School of Medicine. Dr. Murphy’s research interests are focused on complementary and alternative treatment approaches to reduce inflammation in obesity and cancer. She is PI on four currently funded NIH grants and has published 65 papers in the last 10 years.
