8. Where can I find information about registration and payment deadlines?

*Information about term start dates as well as application, registration, and tuition deadlines can be found at: [https://www.sc.edu/study/colleges\\_schools/public\\_health/apply/graduate\\_applicants/index.php](https://www.sc.edu/study/colleges_schools/public_health/apply/graduate_applicants/index.php)*

10. How do I register for classes?

*Upon admission into the program, students must submit a series of forms and set up access to the online information management system, Self Service Carolina (SSC). Students use SSC to register for classes, view class schedules, manage financial aid, and pay tuition. Instructions for this process can be found at: [https://www.sc.edu/study/colleges\\_schools/graduate\\_school/new\\_students/index.php](https://www.sc.edu/study/colleges_schools/graduate_school/new_students/index.php)*

*In subsequent terms, students must submit an advisement form to Dr. Ken Watkins to be cleared for registration. Once notice of registration clearance has been sent to the student, students may then register for classes via [Self Service Carolina](#). You may access tutorials describing the registration process at: [https://www.sc.edu/study/colleges\\_schools/graduate\\_school/new\\_students/index.php](https://www.sc.edu/study/colleges_schools/graduate_school/new_students/index.php)*

*Most students take two to four courses each 14-week term. The course load varies based on students' outside commitments.*

12. What if I want to sit out a term and not enroll in classes?

*Students may decide not to enroll during any given term. Any time a student does not enroll in a major term they are coded as inactive. In order to re-activate student status, a student will need to complete an [Update Request Form](#) to update their admission. Once a student completes the form and is re-admitted, then their student status will be updated to active.*

13. Where can I find information about which classes are offered each term?

*The [HPEB MPH Student Handbook](#) has information about prospective course offerings. Additionally, students may access the schedule of courses offered up to one semester in advance via [Self Service Carolina](#).*

14. How can I communicate with other students enrolled in the program?

*Instructors typically have an open discussion forum for their course Blackboard site and allow students to introduce themselves during the first week of class. This allows students to get to know one another and have the opportunity to request email addresses or other contact information for communication outside of the classroom setting.*

15. What is Blackboard?

*Blackboard is the digital learning platform used at the University of South Carolina. All courses are assigned a Blackboard page and some departments and organizations may also use Blackboard to share information. Information about how to get started with Blackboard can be found here:*

16. How do I find out about what is happening in the department or with other students in the program?

*There are several sources for information about the department. The [HPEB department website](#) is a great place to access current information about the department, School, and University. There is also a listserv exclusively for students in HPEB programs where information may be shared such as important deadlines, job opportunities, or course changes.  
For instructions on how to enroll for the HPEB listserv, please contact Krista Russell.*
