EXERCISE SCIENCE
Master of Science in Exercise Science (MS)

Are you interested in a career where you can have a direct impact on the health and performance of individuals through exercise and training?

In Fall 2020, the Department of Exercise Science will launch its redesigned Master of Science (MS) degree program. The redesigned curriculum in Exercise Science provides students with foundational content in exercise physiology, research methods and statistics and offers flexibility to select coursework in specific areas of interest, including:

- Applied Physiology
- Neuro-rehabilitation
- Sports Performance

33 CREDIT HOURS

With the MS in Exercise Science, there are many career opportunities in the areas of:

- Strength and conditioning
- Sport science
- Performance nutrition
- Clinical exercise physiology
- Cardiac rehabilitation
- Physical rehabilitation
- Corporate Fitness
- Health and wellness
- Research
- Preparation for additional graduate training (PhD, DPT, MD, PA)

We offer competitive graduate fellowships and teaching assistantships!

Application deadline: APRIL 1ST

ADMISSION REQUIREMENTS

- Bachelor’s degree in exercise science or related discipline from an accredited institution
- Academic prerequisites: Human Anatomy and Physiology
- GPA of 3.00 or higher
- Satisfactory GRE scores
- 3 letters of recommendation from academic and/or professional sources
- Resume and statement of purpose, including potential faculty mentors
