

Arnold School of Public Health

University of South Carolina

2017 Faculty **Research Award**

About the Award

The Arnold School of Public Health Faculty Research Award is given to a faculty member who has achieved an outstanding scholarly research record. The Faculty Research Award, which includes a \$1,000 honorarium and a commemorative plaque, is presented annually at the Arnold School of Public Health Hooding Ceremony in May.

Eligibility

All full-time faculty members who have been at the Arnold School of Public Health for at least three years are eligible for the award. However, previous award winners must wait a minimum of five years before being considered again.

Who Can Nominate?

Nominations for the awards may be made by any Arnold School of Public Health faculty member. Note: Self-nomination and self-solicitation of nomination are prohibited. Selection committee members may not nominate faculty members for this award.

Procedure to Nominate a Faculty Member

To nominate a faculty member, complete a nomination form and submit to the Arnold School of Public Health Office of Faculty Affairs and Curriculum.

Each nominee may be asked to provide appropriate documentation, so a justification of the nominee's contribution is optional. The nomination form is on the back of this flyer or can be downloaded from www.asph.sc.edu/email/pdf/Research.pdf. The completed nomination should be given to Jane Anderson in the Office of Faculty Affairs and Curriculum, PHRC 422 or anders16@mailbox.sc.edu.

Selection Process

The following criteria will be used in selecting the recipient of the Faculty Research Award:

- Research performed while the nominee was at the University of South Carolina.
- Impact that the research has had on the discipline.
- Creativity in research rather than solely quantity of production.

Note: The selection committee reserves the right not to make an award.

Selection Committee Members

Award selection will be made by a committee comprised of previous Faculty Research Award recipients from within the Arnold School of Public Health.
